DOCKET FILE COPY ORIGINAL 02-277

Dear Sir,

My whole class of debate feels strongly against your desicion of allowing the same company to own multiple media outlets. If this were to happen almost every piece of information recieved will be strongly biased. If a company has done something considered wrong, that company could change the opinion of it's viewers. As a young teenager my mind is very supple and influencable. As you can sees I am strongly against your descion and hope you change your ideas.

Sincerely,

Adam Jacobson
