MR. M. J. COPPS
FCC
WASHINGTON, DC

Distribution Center

Dear Sir,

I am very concerned with the concentration of media. The FCC is one place where such concentration may be effectively opposed.

I believe the "relaxation" in regulations that the FCC is (and has) been pursuing may be in the short term interests of fairness, but is definitely not for people and the country as a whole.

Sincerely yours,
Jason R. [illegible]
