Dear Sir:

I strongly support Qwest Communication's entry into competitive long distance charges for long distance telephone service in the State of Washington.

Fair competition in the market place is the way all agencies in the regulatory area should foster.

Your favorable action in this effort would be appreciated.

Thank you

Sincerely

John E. Lies

Chairman Michael Powell:

I would like to inform you of my opinion about real competition in regards to Quest Communications system operating in Washington state.

A real choice for long distance in Washington state should include Quest being able to sell long distance to Washington residents

Sincerely
Janet L Williams
