Dear Chairman Powell.

As a 76 year old news-hound I have observed with ever-growing alarm the growth of a "MEDIA MONOPOLY"
And what is even scarier, is that the FCC may relax yet further or even eliminate longstanding rules preventing media consolidation at both the local and the national levels this is absolutely bound to have a NEGATIVE influence and in no way helps to educate the citizenry which are viewed as consumers rather than as critically thinking citizens of a DEMOCRACY!

PLEASE DO NOT permit further de-regulation and further dilution of serious discussion We have quite enough MEDIA BIAS in favor of the Powerful Speak TRUTH to power that is your job!

Sincerely

Brigitta Grenier

A note to ask you why you are striving to create absolute monopolies in the broadcast + news business done in the guise, in the fraud of deregulation ?? Why are you attempting to destroy our democracy by putting the media in only a few, or perhaps one corporation's control in a market region ?? Deregulation is but a ruse to allow huge corporations to monopolize, and your name will be cursed throughout history for being a pawn in the hands of greed. You are living a lie, and you have sold your soul to the highest bidder. You make me ashamed to be an American. Look in the mirror and be ashamed yourself.
