Re: Splitting the 310 Area Code

This sounds like a band-aid solution! The volume of request for Cell phones and Computers will only increase in the future — and who knows what else will be invented.

A more permanent + far reaching solution needs to be Considered! *

Respectfully,

Berthie L Benefield

Mrs Berthie L Benefield
4720 Maricopa St.
Torrance, CA 90503

* a solution that is distinguishable and separate from the telephone area codes + recognizable as Cell Phone and Computer
