To the Members of the Federal Communications Commission -

I find it very disturbing that so many of our TV and radio stations are owned by the same Conglomerates or companies - So much of the TV shows are "copycat" - Confirmed sitcoms or "reality" shows -

I shudder at the thought of allowing TV stations and newspapers in the same market area to merge - Heaven help us - I was under the impression your job was to protect the public's right to true information - and a variety of views - Also to prevent monopolies from taking over local media markets -

Sincerely
Lorna R. Walk

Terry, Ms.

I am concerned about FCC enacting rules allowing the control of the Media to pass into fewer hands in control. A variety of views must be available to citizens and to serve the common good. Don't let monopolies take over local media markets!

A citizen

Sir,

I'm writing to say I share your concern about the drive to dismantle the FCC's newspaper-broadcasting rules, prohibiting media giants from owning both newspapers and broadcasting outlets in the same communities.

To me, it seems hard to believe that corporate media giants would be willing to report stories that conflict with their interest, but the public should know about.

Thank you for your consideration of this letter.

Sincerely,
Carl Aberg
