Re: Notice of *Ex Parte* Presentation by US Datanet in WC Docket No. 02-361

Dear Ms. Dortch:

On Thursday, June 12, 2003, Lynn Hartrick, Frank Caruso, Brad Mutschelknaus and I, on behalf of US Datanet, met with Matthew Brill, Senior Legal Advisor to Commissioner Kathleen Q. Abernathy, to discuss the above-referenced proceeding and to distribute the attached documentgs. During this meeting, US Datanet described its next-generation, national voice-over-packet network and the innovative services, lower prices and better customer service that US Datanet offers its customers. US Datanet also described the types of services it is developing and explained that IP Telephony is a nascent service whose similarities to traditional telecommunications services will diminish over time as broadband Internet access becomes ubiquitous. However, as US Datanet explained during the meeting, IP Telephony services might never fully develop and mature if they are constrained by the burden of above-cost access charges designed to subsidize traditional telecommunications services.

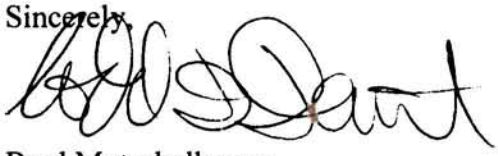
US Datanet urged the Commission to grant AT&T's Petition for Declaratory ruling as quickly as possible in order to reduce regulatory uncertainty, which is harming all service providers. AT&T's position accurately reflects the Commission's current position on the issue as articulated in the *Report to Congress*: The imposition of any form of access charges on IP Telephony would have to be adopted in a future proceeding after the development of an adequate record and would apply prospectively only. Accordingly, the Commission should quickly grant

AT&T's petition, and address disputes over compensation for IP Telephony only as part of the broader intercarrier compensation issue.

As required by Section 1.1206(b), this *ex parte* notification is being filed electronically for inclusion in the public record of the above-referenced proceeding, and a copy is being submitted via e-mail to Mr. Brill.

Please direct any questions regarding this matter to the undersigned.

Sincerely,



Brad Mutschelknaus
Todd D. Daubert
Counsel to US Datanet

USA DATANET

The Mission of US Datanet

To leverage leading-edge communications technologies, creating convenient and affordable products to improve the way people exchange information.

© 2003 US Datanet Corporation

USA DATANET

The Profile of US Datanet

- **We are a uniquely positioned Communications Services Provider changing the way telephone service is sold…**
  - Founded in 1998 and based in Syracuse, NY – over 125 employees
  - Utilizing a Next-Generation, national Voice-over-Packet Network to provide residential and business communication services at uniquely competitive rates
  - Our network enables customers to have multiple points of access to our services, using any telephone device (wireless or landline) or personal computer, through local telephone numbers, and IP addresses
  - 350,000 total registered customers with 285,000 active users, with 500,000 customers projected by the end of 2003
  - Will process 3 billion minutes of voice & data traffic in 2003
  - Best-in-Class Customer support infrastructure (KSR Research April 2002)

© 2003 US Datanet Corporation

US Datanet Delivers Value

- **US Datanet delivers value both to its customers individually and to the marketplace as a whole.**
  - US Datanet offers its customers – including residential and small business – new and innovative services, lower prices and better customer service, all of which improves their ability to communicate effectively.
  - By offering unique services, lower prices, and better customer service, US Datanet places competitive pressure on other carriers, which leads to better services at lower prices everyone.
- **US Datanet fairly compensates all carriers with which it interconnects.**
  - US Datanet pays cost-based rates to other carriers for terminating traffic originated by US Datanet customers.
- **The imposition of above-cost access charges would disadvantage US Datanet and other IP Telephony service providers.**
  - Like all service providers who offer IP Telephony, US Datanet will not be able to continue offering innovative, low-cost services if the FCC allows carriers to demand above-cost switched access rates for terminating traffic rather than the cost-based reciprocal compensation rates that currently apply.

© 2003 US Datanet Corporation

USA DATANET

The FCC Should Grant AT&T's Petition

- **AT&T's position reflects current FCC policy**
  - The FCC concluded in its *Report to* Congress that the imposition of any form of access charges on IP Telephony would have to be adopted in a future proceeding after the development of an adequate record and would apply prospectively only.
- **The FCC should continue its policy of "wait and see" with respect to IP Telephony and other Internet services.**
  - In granting AT&T's Petition, the FCC should reaffirm its "wait and see" policy in order to reduce regulatory uncertainty regarding the regulatory treatment of IP Telephony.
- **The FCC should address disputes over compensation for IP Telephony only as part of the broader intercarrier compensation issue.**
  - Most disputes over IP Telephony will disappear once the Commission eliminates the artificial distinction between above-cost switched access rates and cost-based reciprocal compensation rates.

USA DATANET

USA DATANET

INTRODUCING...

TOLL-FREE 800 SERVICE

We have great news! Now you can have your very own toll-free number from USA Datanet. Enjoy the convenience of a toll-free number and the fantastic rates you have come to expect from USA Datanet. Whether you'll use it to talk to your kids in college, business clients, or on a daily basis, you'll save money using USA Datanet. Which plan is bet for you?

"Talk as Long as You Like 800"

10¢ a minute
$3.99 max. per call

Calls from the 48 continental United States

(Residential accounts only)

"Flat 8.9¢ 800"

8.9¢ per minute

Calls from the 48 continental United States

Volume Discounts available for high users. See details below.

What are the advantages of a toll-free number?

For Your Home

- ✓ **College students** can call home and save money over dorm rates.
- ✓ **Children** and other family members can reach you anytime without a cell phone or change for a payphone.
- ✓ **When you travel**, call your toll free number to check messages.

For Your Business

- ✓ **Increase your sales** by letting customers reach you for free.
- ✓ **Home-based businesses** appear larger and more established with a toll-free number.
- ✓ **Track your marketing results** by using different toll-free numbers for different campaigns.
- ✓ **Put a toll-free number on your fax line** so sales reps in the field can submit orders immediately.
- ✓ **Eliminate expensive hotel telephone charges** by using a toll-free number.
- ✓ **Already have a toll-free number?** Move it to USA Datanet, keep your same number and save.

Volume Discount Plan

$9.99 monthly toll-free minimum

As your toll-free minutes increase, your rate per minute decreases.

Toll-free Minutes	Discount	Rate per Minute
0-999	--	8.9¢
1000-1999	11%	7.9¢
2000-2999	22%	6.9¢
3000+	33%	5.9¢

Calls from the 48 continental United States. Volume discounts are based on toll-free usage for the entire account.

Call Now to Register: 1-877-499-2368

All Plans:

- **Calls from Canada, Alaska, and Hawaii are 35¢ per minute.**
- **An FCC-mandated surcharge of 29¢ per call applies to calls originating from payphones.**
- **National toll-free directory assistance listing is available for $15.00 setup and $15.00 per month.**
- **Ring-to numbers must fall within USA Datanet's service areas.**
- **No Monthly Fees, No Set-up Charges, Same Rates 24/7.**

FAQs

Is there an activation fee?
No. There is no activation fee, no monthly fee and no monthly minimum charge.

Do I have to commit to using the service for a certain period?
No. There is no commitment and no contract to sign. USA DATANET is an elective service. You only pay for the calls you make, whenever you choose to make them.

Can I use USA DATANET while away from my home or office?
Yes. Simply dial the toll-free Access Number, enter your area code and phone number, and dial the number you are calling. These calls are just 14.9¢ per minute!

Does using USA DATANET change my long-distance carrier?
No. USA DATANET is an elective service that is completely separate from your current long-distance carrier.

What about call quality?
USA DATANET's advanced technology ensures exceptional call quality and seamless long-distance connections.

Can I use USA DATANET for my computer connection?
No. USA DATANET's telephone service is for voice traffic only.

How am I billed?
USA DATANET will issue a monthly invoice that is separate from your current telephone provider's.

Are there any time or day restrictions on the rates?
No. Our low rates apply 24 hours a day, 7 days a week.

FAQs

Can I reserve a conference call? Currently, USA DATANET offers Reservationless Conferencing. This benefit allows you to dial into your conference 24 hours a day, 7 days a week, without making a reservation.

Do I need to be a registered USA DATANET customer to use this service? Yes. In order to use USA DATANET Teleconferencing you must register with us. The process will take about 10 minutes and once complete, you will be ready to make a call immediately.

How will I be billed? USA DATANET will bill the moderator with a monthly invoice. If you are already a customer of USA DATANET, your teleconferencing calls will be included on your standard monthly bill.

What are your customer service hours? Monday through Friday, 8:00AM until 8:00PM (EST).

Is my privacy protected? Yes. USA DATANET will keep your information confidential. To review our privacy policy, visit our website: www.usadatanet.com

What is the cost of USA DATANET Teleconferencing? USA DATANET Teleconferencing costs 10¢ per minute, per user, with no monthly fees. For example, a conference call with 5 people, lasting 40 minutes would cost approximately $20.00.

Where is your service available? USA DATANET's toll-free teleconferencing is available anywhere in the continental U.S.

Can I have an international participant? Yes. We provide a toll number for the international participant to dial into the service. Please note that international participants are responsible for their dial-in charges.

SAME RATES 24/7

USA DATANET Value Plans

Talk As Long As You Like Plan

With USA DATANET, you can talk as long as you like to anywhere in the Northeast United States* and NEVER PAY MORE THAN 99¢. Calls to anywhere else in the U.S. are NO MORE THAN $1.99 PER CALL. Plus, your short calls are just 10¢ per minute.

This plan is for you if you tend to have long conversations.

*Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, Washington DC and West Virginia

99¢

MAXIMUM CHARGE PER CALL IN THE NORTHEAST U.S.*

$1.99

MAXIMUM CHARGE PER CALL IN ALL OTHER STATES

or

Flat Rate Plan

Call anywhere in the U.S. and pay just 4.9¢ PER MINUTE. Enjoy this low rate all day, everyday.

This plan is for you if you tend to make a lot of short calls.

4.9¢ PER MINUTE

Easy to Use:

Just follow these three easy steps, and you are on your way to saving a bundle!

DIALING INSTRUCTIONS

1. Dial the Local Access Number* (LAN) for the city from which you are calling. (Your LAN can be found on your wallet card or at www.usadatanet.com.) For convenience, program this number into your home telephone.

   *The Local Access Number must be a local call, otherwise you may incur toll charges from your long distance provider for which USA DATANET cannot be held responsible.

2. If prompted, enter your Authorization Code (your registered area code & phone number, + PIN)
3. Dial the area code & phone number you are calling

Both Plans Include:

Take advantage of USA DATANET's Directory Assistance for 70¢ per call, as well as our Calling Card (for use outside our LAN network) for 14.9¢ per minute.

DIRECTORY ASSISTANCE–70¢

1. Dial the Local Access Number
2. If prompted, enter your Authorization Code (your registered area code & phone number, + PIN)
3. Dial the area code + 555-1212 for any U.S. or Canadian listing

CALLING CARD–14.9¢/min

1. Dial 1-800-313-1533
2. When prompted, enter your Authorization Code (your registered area code & phone number, + PIN)
3. Dial the area code & phone number you are calling

Calling Card calls placed from pay phones are subject to a 29¢ per call FCC-mandated pay phone charge.

Refer More, Save More

At USA DATANET, we encourage you to spread the savings to your friends and family. The more you refer, the more you save. We keep track of all the customers you refer and credit your bill accordingly.

Check out our three-tiered referral system to the right. Don't forget–once you reach a tier, you never go backwards. Plus, each new customer you refer receives an automatic $2.00 welcome credit!

# OF REFERRALS	EARNED CREDIT
0-2	$2.00 / referral
3-5	$3.00 / referral
6 OR MORE	$4.00 / referral

Additional Services from USA DATANET

International Rate Plan

STARTS AT JUST 6.9¢ PER MINUTE

All calls to participating countries* start at just 6.9¢ per minute. Just dial your Local Access Number, followed by the country code and telephone number you wish to reach.

*Call customer service for the most up-to-date list of participating countries and their corresponding rates. 1.877.532.8263

Internet Service

Unlimited

USA DATANET can connect you to your friends and family in more than one way. We offer an affordable, efficient Internet service with unlimited e-mail addresses and 10MBs of personal web space. Call for the details in your area.

Toll-Free 800 Numbers

FLAT 8.9¢ 800 PLAN 8.9¢ PER MINUTE

Or, residential customers can choose our TALK AS LONG AS YOU LIKE 800 plan and pay only $3.99 max per call. Calls under 40 minutes are just 10¢ per minute.

FAQs

Is there an activation fee?
No. There is no activation fee, no monthly fee and no monthly minimum charge.

Do I have to commit to using the service for a certain period?
No. There is no commitment and no contract to sign. USA DATANET is an elective service. You only pay for the calls you make, whenever you choose to make them.

Can I use USA DATANET while away from my home or office?
Yes. You may use a USA DATANET Local Access Number from any city where service is available (Standard Rates apply), or you may use your USA DATANET calling card from any location in the U.S. or Canada (Calling Card Rates apply).

Does using USA DATANET change my long-distance carrier?
No. USA DATANET is an elective service that is completely separate from your current long-distance carrier.

What about call quality?
USA DATANET's advanced technology ensures exceptional call quality and seamless long-distance connections.

Can I use USA DATANET for my computer connection?
USA DATANET's telephone service is for voice traffic only. We do, however, offer separate Internet access.

How am I billed?
USA DATANET will issue a monthly invoice that is separate from your current telephone provider's.

Are there any time or day restrictions on the rates?
No. Our low rates apply 24 hours a day, 7 days a week.

"I love this service—I've saved a fortune in long distance calls. I've recommended your service to everyone I know."
