NOTES:

1. (2010), (2014), and (2016) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

2. (2010) and (2025) The Phase 1 Connect America Fund Incremental Support program Round 1 ("Round 1") requires participating carriers to deploy broadband services at certain speeds to locations within certain timeframes. The Federal Communications Commission ("FCC") recognized in DA 12-1155 released on July 18, 2012, that carriers may run into practical obstacles that would make it difficult to deploy broadband to the locations that were in the carrier's original deployment plan, and therefore may deploy to eligible locations not identified in the deployment plan. CenturyLink companies participating in Round 1 experienced the practical obstacles the FCC anticipated, and therefore deployed broadband to a substantial number of locations that are not listed in the notice of acceptance filed with the FCC on July 24, 2012. CenturyLink, in this supplemental filing, is providing location data for Round 1 for both the second and third year completion periods. Future network utilization could impact broadband service at the disclosed locations.

3. (2025) The reported location data represents the requisite number of units that CenturyLink listed in the notice of acceptance filed with the Federal Communications Commission on July 24, 2012. The actual number of units enabled is in excess of those listed.
