Dear Sir:

~~Reference~~ Easing Rules for Control of Media"

I and many of my friends and neighbors vehemently oppose easing any rules. It puts too much power and influence into the hands of a few, especially cooperations, the wealthy and political persuaders.

Many of us do not appreciate listening to, reading and watching TV that portrays "one side of the picture". We need diversity.

Please do not allow any easing of rules for Control of Media.

I thank you sincerely.
