Section 63.71 Application of	)	Comp. Pol. File No. _____
Industry Telephone Company	)	
For Authority to Discontinue	)	
Certain Services	)	
	)	

SECTION 63.71 APPLICATION

Pursuant to Sections 63.71 of the Commission's Rules[1] and Section 214(a) of the Communications Act of 1934, as amended,[2] Industry Telephone Company ("Industry" or the "Company") hereby files this application to discontinue the provision of select operator services to customers that the Company serves in the state of Texas ("Application").[3] In support of this Application, Industry Telephone Company submits the following:

I. Information Required by Section 63.71(a)(1) - (4)

A. Name and Address of Carrier

Industry Telephone Company
P. O. Box 40
17105 Fordtran Boulevard
Industry, TX 78944

For purposes of this Application, the Commission may contact:

Robin Marek, President
Industry Telephone Company
P. O. Box 40
17105 Fordtran Boulevard
Industry, TX 78944
(979) 357-4411
rmarek@industrytelco.com

---

1 *See* 47 C.F.R. § 63.71.

2 *See* 47 U.S.C. § 214(a).

3 As required by Section 63.71(a) of the Commission's Rules, Industry has notified and submitted a copy of this Application concurrent with this filing to the Public Utility Commission of Texas, the Governor of Texas, and the Secretary of the Department of Defense.

B. Date of Planned Service Discontinuance

Industry Telephone Company will discontinue operator-assisted Line Status Verification and Busy Interrupt services to its customers in the state of Texas on or after May 2, 2016, upon completion of all necessary federal and state regulatory approvals.

C. Points of Geographic Areas of Service Affected

Industry Telephone Company provides telecommunications service throughout its service area in the exchanges of Carmine, Industry and New Ulm and five counties of Fayette, Lee, Washington, Austin and Colorado.

D. Brief Description of the Types of Service Affected

In the areas referenced above, Industry Telephone Company provides the following services which will be discontinued (collectively, "Affected Services"):

- Line Status Verification – An operator service allowing the operator to confirm when a line is idle or in use.

- Busy Interrupt – An operator service allowing the operator to break into a conversation when a line is in use.

This discontinuance is limited to the Affected Services. Customers will continue to have access to all other current services without interruption.

II. Brief Description of the Dates and Methods of Notice to All Affected Customers

Notices were sent to all Industry Telephone Company local exchange customers as a bill message by method of U.S. Mail on February 1, 2016. Please reference Exhibit A which is a sample copy of the Notice sent to the affected customers. Industry Telephone Company deemed the bill message the most economic method of reaching its rural customers and printed a heading on the bill message, "IMPORTANT CUSTOMER NOTICE" in bold letters, to distinguish it from the billing statement and bring sufficient attention to the Notice.

III. Status of Carrier

Industry Telephone Company is an incumbent local exchange carrier and considered a dominant carrier with respect to the services that it proposes to discontinue in the state of Texas.

IV. Circumstances of Discontinuance

The Company's discontinuance of the Affected Services was a business decision based on a lack of customer demand for the services. In the preceding 12 months, the Company

has had no instances of a customer utilizing the Affected Services. Therefore, the discontinuance of these services will not adversely affect the Company's customers.

V. Certification

On behalf of Industry Telephone Company, I, the undersigned President, Robin Marek, hereby certify that the statements contained herein are true, complete and correct to the best of my knowledge and made in good faith.

VI. Conclusion

For the reasons stated herein, the Company respectfully requests grant of this Application.

Respectfully Submitted,

Robin Marek

CUSTOMER NOTICE

IMPORTANT CUSTOMER NOTICE

FCC-Required Notice of Discontinuance of Certain Operator Services

This notice is to inform you that on or after May 2, 2016, Industry Telephone Company ("Industry") will no longer be providing certain operator services within the state of Texas. Customers who attempt to utilize the discontinued services will be informed by the operator that the service is not available. Specifically, the following operator services will be discontinued.

- Line Status Verification – An operator service allowing the operator to confirm when a line is idle or in use.
- Busy Interrupt – An operator service allowing the operator to break into a conversation when a line is in use.

This discontinuance is limited to the above operator services and will not affect your Industry service in any other way. Customers will continue to access general operator services, including operator assisted dialing, handling sent-paid calls, handling emergency calls and providing rate quotes where available.

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 30 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the Section 63.71 Application of Industry Telephone Company. Comments should include specific information about the impact of this proposed discontinuance upon you, including any inability to acquire reasonable substitute service.

If you have any questions about this notice or Industry's discontinuance of the aforementioned operator services, please contact us at 17105 Fordtran Blvd., Industry, TX 78944 or (979) 357-4411.

We thank you for your business and look forward to continuing to serve your communications needs.

Industry Telephone Company
