Dear Chairman Powell,

I oppose relaxing the current ownership rules. We have fewer & fewer sources for our news today the June 2 NYS vote — the public has a lot to say & needs time and a place to be heard. Public interest is at stake. Serve the public not private interests

Sincerely
Mrs Lee Cole

Please do not reduce the broadcast rules for ownership that helps to protect us from media monopolies.

The news media is already a news monopoly that broadcasts only their spin rather than just reporting the news. We do not need it to be relaxed. It - fact, it should be the other way. Make the rules tougher not easier.

Mr. Michael K. Powell
Chairman
