Please do NOT deRegulate The media

Dear Commissioner Powell,

SUNSHINE PERIOD 02-277

I request that the FCC delay The vote to overhaul Media ownership so The public has more Time To study and respond to The proposals.

Democracy is weakened when The media has fewer, Rather than more, owners.

The United States needs a multiplicity of voices available in various media so citizens can be Knowledgeable voters

Sincerely,

Susan Dembowski

Dear Chairman Powell,

Regarding the proposed deregulation of electronic media (radio and TV) I have these opinions.

1 Before a decision is made, formal official public meetings, well advertised, should be held throughout the United States

2 The overall grounds of [illegible] should be the interests of individual persons and their organizations in collecting, exchanging, and using information. The interests and viewpoints of [illegible] businesses for profit should be collateral to the overall interests of the people as a whole.
