K-Love is a Christian Radio Station. My Car & radio in house are attuned to K-Love. It always brightens my day It helps make me a better Person.

My Community would be at a great loss if K-Love would be displaced by an LPFM station

I babysit my 3 grandchildren & dont worry about the lyrics they are hearing

There are many other

station that play secular music. I feel that it is vital to have Christian stations available to the community
