October 2, 2019

Federal Communications Commission
Office of the Secretary, Marlene H. Dortch
445 12th Street SW
Washington, DC 20554

Dear Secretary Dortch:

Pursuant to CFR §§ 54.719, 54.720, and 54.721, please accept this Appeal submitted by the Appellant, the Paterson Charter School for Science & Technology (hereinafter referred to as "PCSST" and the "Applicant").

This Appeal relates to the following:

Appellant Name: Paterson Charter School for Science & Technology

Billed Entity Number: 17001388

FCC Form 471 Application Number: 191031174 and 191031242

PCSST hereby submits this Appeal in connection with the Revised Funding Commitment Decision Letter issued on September 18, 2019 (attached hereto as Exhibit A) in response to its appeal to USAC. PCSST requests that the FCC waive the applicable rules pursuant to precedent set in the FCC's *Ann Arbor Public Schools* decision, File Nos. SLD-542873, et al., to allow the Applicant to add an FRN to include an item it mistakenly omitted from FCC Form 471# 191031242 but included on its originating FCC Form 470, associated RFP documentation, and source list.

Facts

- The Applicant posted FCC Form 470# 190025797 on February 19, 2019.
- The Form 470 and associated RFP document solicited bids under the "Type" classification of basic maintenance of internal connections ("BMIC") for switches, wireless access points, firewall service and components, wireless controllers, routers, and UPS devices seeking an hourly rate, time and materials maintenance contract. See Exhibit B.
- The Applicant received two bids for the requested time and materials maintenance service, including a bid from the winning vendor, Technotime Business Solutions. See Exhibit C.
- It then issued a legally binding agreement to the winning vendor, dated and sent on March 21, 2019.
- The Applicant submitted two Category Two FCC Forms 471: 191031174 and 191031242. However, it mistakenly omitted the BMIC Funding Request Number ("FRN"), valued at \$200 per hour for 72 hours, or \$14,400, from the Category Two applications it submitted.

Request

Based on these facts, and pursuant to precedent set in the FCC's *Ann Arbor Public Schools* decision,¹ File Nos. SLD-542873, et al., PCSST respectfully requests that the FCC waive the applicable rules and allows the Applicant to add an FRN that correlates to the services it mistakenly omitted from its Category Two applications, both of which were submitted timely. In the *Ann Arbor Public Schools* decision, attached hereto as Exhibit D, the FCC found that good cause existed to waive sections 54.504(b), 54.504(c), and 54.507(c), as necessary, of the Commission's rules to permit petitioners to correct ministerial or clerical errors on their original FCC Forms 470 and 471 and other related forms submitted to USAC.

A petitioner referenced in the *Ann Arbor* decision neglected to enter a request for telecommunications service that was clearly indicated on its item 21 attachment. PCSST argues that it is similarly situated to this petitioner since details concerning the requested

¹ See also *Streamlined Resolution of Requests Related to Actions by the Universal Service Administrative Company*, CC Docket No. 02-6, Public Notice DA 19-589 n.10 (June 28, 2019) and *Streamlined Resolution of Requests Related to Actions by the Universal Service Administrative Company*, CC Docket No. 02-6, Public Notice DA 19-942 n.14 (September 30, 2019).

BMIC services were properly included in the Applicant's Form 470, its associated RFP documentation, and the vendor quote source document used as the basis for the legally binding agreement and Forms 471.

Pursuant to FCC rules and procedures, the remedy requested in this appeal was first pursued via an appeal with USAC. USAC issued the RFCDL referenced previously indicating that it was unable to grant the relief sought by the Appellant since "FCC rules require that funding requests must be submitted via an FCC Form 471. See 47 C.F.R. sec. 54.504(a)..." and USAC is unable to waive FCC rules. Hence, relief is being sought herein with the FCC.

What is in this letter?

Thank you for submitting your post-commitment request for Funding Year 2019 Schools and Libraries Program (E-rate) funding. Attached to this letter, you will find the revised funding statuses and/or post commitment changes to the original Funding Commitment Decision Letter (FCDL) you received. Below are the changes that were made:

- Appeals

The Universal Service Administrative Company (USAC) is providing this information to both the applicant(s) and the service provider(s) so that all parties are aware of the post-commitment changes related to their funding requests and can work together to complete the funding process for these requests.

Next Steps

1. **File the FCC Form 486**, Service Confirmation and Children's Internet Protection Act (CIPA) Certification Form, for any FRNs included in this RFCDL, if you have not already done so. Please review the CIPA requirements and file the form(s).

BEN Name: PATERSON CHARTER SCHOOL FOR SCIENCE AND TECHNOLOGY

BEN: 17001388

Post Commitment Wave: 9

- o **If USAC approved funding on an FRN in your original FCDL**, the deadline to submit the FCC Form 486 is 120 days from the date of the original FCDL or from the service start date (whichever is later).
 - o **If a new FRN was created for this RFCDL or funding was not approved on an FRN in your original FCDL but is approved in this RFCDL**, the deadline to submit the FCC Form 486 is 120 days from the date of this RFCDL or from the service start date (whichever is later).
2. **Invoice USAC**, if you or your service provider have not already done so. Work with your service provider(s) to determine if your bills will be discounted or if you will request reimbursement from USAC after paying your bills in full.
- **If you (the applicant) are invoicing USAC:** You must pay your service provider(s) the full cost for the services you receive and file the [FCC Form 472](#), the Billed Entity Applicant Reimbursement (BEAR) Form, to invoice USAC for reimbursement of the discounted amount.
 - **If your service provider(s) is invoicing USAC:** The service provider(s) must provide services, bill the applicant for the non-discounted share, and file the [FCC Form 474](#), the Service Provider Invoice (SPI) form, to invoice USAC for reimbursement for the discounted portion of costs. Every funding year, service providers must file an [FCC Form 473](#), the Service Provider Annual Certification Form, to be able to submit invoices and to receive disbursements.
 - **To receive an invoice deadline extension, the applicant or service provider** must request an extension on or before the last date to invoice. **If you anticipate, for any reason, that invoices cannot be filed on time**, USAC will grant a one-time, 120-day invoice deadline extension if timely requested.

How to Appeal or Request a Waiver of a Decision

You can appeal or request a waiver of a decision in this letter **within 60 calendar days** of the date of this letter. Failure to meet this deadline will result in an automatic dismissal of your appeal or waiver request.

Note: The Federal Communications Commission (FCC) will not accept appeals of USAC decisions that have not first been appealed to USAC. However, if you are seeking a waiver of E-rate program rules, you must submit your request to the FCC and not to USAC. USAC is not able to waive the E-rate program rules.

- **To submit your appeal to USAC**, visit the Appeals section in the [E-rate Productivity Center \(EPC\)](#) and provide the required information. USAC will reply to your appeal submissions to confirm receipt. Visit USAC's [website](#) for additional information on submitting an appeal to USAC, including step-by-step instructions.
- **To request a waiver of the FCC's rules or appeal USAC's appeal decision**, please submit it to the FCC in proceeding number CC Docket No. 02-6 using the [Electronic Comment Filing System](#) (ECFS). Include your contact information, a statement that your filing is a waiver request,

Post Commitment Wave: 9

identifying information, the FCC rule(s) for which you are seeking a waiver, a full description of the relevant facts that you believe support your waiver request and any related relief, and any supporting documentation.

For appeals to USAC or to the FCC, be sure to keep a copy of your entire appeal, including any correspondence and documentation, and provide a copy to the affected service provider(s).

Obligation to Pay Non-Discount Portion

Applicants are required to pay the non-discount portion of the cost of the eligible products and/or services to their service providers. Service providers are required to bill applicants for the non-discount portion of costs for the eligible products and/or services. The FCC stated that requiring applicants to pay the non-discounted share of costs ensures efficiency and accountability in the program. If using the BEAR invoicing method, the applicant must pay the service provider in full (the non-discount plus discount portion) **before** seeking reimbursement from USAC. If using the SPI invoicing method, the service provider must first bill the applicant **before** invoicing USAC.

Notice on Rules and Funds Availability

The applicants' receipt of funding commitments is contingent on their compliance with all statutory, regulatory, and procedural requirements of the Schools and Libraries Program and the FCC's rules. Applicants who have received funding commitments continue to be subject to audits and other reviews that USAC and/or the FCC may undertake periodically to assure that funds that have been committed are being used in accordance with such requirements. USAC may be required to reduce or cancel funding commitments that were not issued in accordance with such requirements, whether due to action or inaction, including but not limited to that by USAC, the applicant, or the service provider. USAC, and other appropriate authorities (including but not limited to the FCC), may pursue enforcement actions and other means of recourse to collect improperly disbursed funds.

Revised Funding Commitment Decision Comments:

Post Commitment Rationale:

Your appeal has been denied. During appeal review of your FCC Form 471 191031242 you requested that a new funding request be added to your application. Program procedures allow applicants to amend their applications and correct ministerial and clerical errors on their FCC Forms (including adding a funding request) until an Funding Commitment Decision Letter (FCDL) is issued. New funding requests cannot be submitted through the appeals process and after the issuance of the FCDL. Your appeal requests additional funds that were not included in the FCC Form 471 that you are appealing. FCC rules require that funding requests must be submitted via an FCC Form 471. See 47 C.F.R. sec. 54.504(a). Considerations for funding requests depend on the date the FCC Form 471 is received and the amount of funds available if it is received after the close of the filing window. See 47 C.F.R. sec.

BEN Name: PATERSON CHARTER SCHOOL FOR SCIENCE AND TECHNOLOGY

BEN: 17001388

Post Commitment Wave: 9

54.507(f). The FCC directed USAC to allow applicants to amend their forms to correct clerical and ministerial errors on their FCC Forms 470, FCC Form 471 applications, or associated documentation until an FCDL is issued. Such errors include only the kinds of errors that a typist might make when entering data from one list to another, such as mistyping a number, using the wrong name or phone number, failing to enter an item from the source list onto the application, or making an arithmetic error. See *Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order, FCC 11-60 para. 5 (rel. April 14, 2011). Additional correctable errors can be found in the FCC Order DA 10-2354. See *Requests for Waiver and Review of Decisions of the Universal Service Administrator by Ann Arbor Public Schools, Ann Arbor, Michigan, et al., Schools and Libraries Universal Service Support Mechanism*, File Nos. SLD-542873, et al., CC Docket No. 02-6, Order, DA 10-2354 para. 2 (rel. December 16, 2010).

Requirements/Preferences/Instructions:

- (1) All questions and proposals **must** be submitted in electronic format to bids@erateconsulting.com. Only those materials sent to this specific email address will be reviewed. Failure to follow this instruction may result in your bid not being received or your question(s) not being seen. Adherence to this requirement is your responsibility and cannot be imputed to the Applicant.
- (2) With your submission, you **must** provide a copy of your standard contract terms and conditions. Failure to do so will result in your bid being deemed incomplete.
- (3) In your email submission, the subject line **must** specifically reference the District and the applicable Form 470#.
- (4) At the time of bid submission, you **must** have a valid Service Provider Identification Number (SPIN). Lacking a valid SPIN at the time of submission may result in your bid being deemed incomplete.
- (5) If proposing a solution other than the District's stated preference, your submission must include a detailed description of how the proposed product is functionally equivalent to the District's preferred model and explain how it will integrate into the District's existing infrastructure. Failure to fulfill this requirement when proposing an alternative product will result in your bid being deemed incomplete.
- (6) The District will review only those bids which propose alternate manufacturers' equipment that provide equivalent functionality. If a bid for an alternative solution does not provide equivalent functionality, then it does not meet the District's stated needs and will not be considered.
- (7) **You must submit two versions of your final bid.** The first version must be submitted in the identical Excel format as that of the proposed BOM (also attached to this 470). If proposing a solution other than that identified in the proposed BOM, **please replace the proposed part numbers and description in the BOM and specify in the "Notes" column of your Excel submission which part numbers your proposed**

solution is intended to replace the District's proposed equipment. You must also submit a version of your organization's official quote with quote number in pdf format. Failure to provide both the PDF and Excel versions of your bid will result in your bid being deemed incomplete.

(8) Do NOT embed the excel version of your bid in a pdf document. If you do, and you do not submit a separate excel version of your bid, then your bid **will be deemed incomplete.**

(9) If your proposed solution is comprised of products and/or services available through a Preferred Master Contract, State Master Contract, or some other cooperative purchasing arrangement recognized by the State of New Jersey, please provide a specific reference to the contracting arrangement and, where applicable, the contract number.

(10) Proposals must include all taxes and any other additional charges. Failure to include any such taxes, fees, or other additional charges shall preclude vendors from subsequently modifying the cost terms without the District's prior written consent to said modification. By submitting a proposal in response to this Form 470, you agree to be bound by this requirement.

(11) All proposals must conform to the applicable provisions of the New Jersey Public Schools Contracts Law (Title 18A:18A-1 et seq.) and Board of Education policies and regulations.

(12) The District reserves the right to purchase, at the proposed unit price, a quantity less than that specifically requested on the Form 470. By submitting a proposal in response to this Form 470, you agree that your Proposal is not being offered as an "all or nothing" proposition. You will therefore be bound by the unit price in your Proposal.

(13) You must complete cells D2, D3, and D4 in the excel version of your bid. Failure to do so will result in your bid being deemed incomplete.

(14) For bids encompassing professional services, please submit your organization's standard Terms and Conditions with your Statement of Work. In the Notes column of the excel bid document, please estimate the total number of hours included in your fixed fee. **Failure to fulfill either or both of these requirements specifically as stated will result in your bid being deemed incomplete.**

(15) Please print, sign and date this document and submit along with both versions of your bid to indicate that you have read, considered, and understand each of these requirements. **Failure to submit this document with an authorized representative's signature will result in your bid being deemed incomplete.**

Equipment/Services Requested:

As noted previously, a proposed BOM accompanies this document. Prospective bidders should use the proposed BOM as the reference document when crafting proposals. Notwithstanding the District's preference, it will accept proposals for equipment from alternative manufacturers that provides equivalent functionality.

If proposing equipment from an alternative manufacturer, please include detailed technical information explaining how your proposed alternative solution will provide the same or similar functionality.

Also, the Applicant seeks a time & materials maintenance contract on existing network hardware including firewalls, routers, switches and access points. The Applicant anticipates an annual total of 72 hours, split evenly among its three campuses. Service should include break/fix work for any outages. Proposals for this service should include a statement of work. Failure to include a statement of work with your proposal may result in it being deemed incomplete. **Please propose an hourly rate.**

ORDER

Adopted: December 16, 2010

Released: December 16, 2010

By the Deputy Chief, Telecommunications Access Policy Division, Wireline Competition Bureau:

1. In this order, we grant 38 appeals of decisions of the Universal Service Administrative Company (USAC) from schools and libraries seeking to correct ministerial or clerical errors on their FCC Forms 470 and 471 and other related forms for funding under the E-rate program (formally known as the schools and libraries universal service support program).¹ As an initial matter, we find that five appellants warrant waivers of our appeal filing deadline because the appeals involved errors by USAC or an appeal was filed within 60 days of the appellant receiving actual notice.² Next, consistent with the Bureau's *Archer Public Library Order*³ and based on our review of the record, we find good cause exists to waive sections 54.504(b), 54.504(c), and 54.507(c), as necessary, of the Commission's rules to permit these petitioners to correct ministerial or clerical errors on their original FCC Forms 470 and 471 and other related forms or submissions to USAC.⁴

2. Specifically, we find that the petitioners inadvertently made ministerial or clerical errors while completing their FCC forms, while responding to USAC requests for additional information during

¹ In this order, we use the term "appeals" to refer generally to requests for review of decisions issued by USAC. Section 54.719(c) of the Commission's rules provides that any person aggrieved by an action taken by a division of USAC may seek review from the Commission. 47 C.F.R. § 54.719(c). A list of the appeals is attached in the appendix.

² 47 C.F.R. § 54.720. We first find that Illinois School for the Visually Impaired, International College Preparatory Academy, and Nur-Ul-Islam Academy were seeking to correct errors made by USAC in processing their applications but were not aware of those errors until after the 60-day appeal deadline. We also find that Greater Albany Public Schools and Holcomb Unified School District 363 filed their respective appeals within 60 days of discovering or receiving notice of the defects in their applications.

³ *Request for Review of the Decision of the Universal Service Administrator by Archer Public Library, et al., Schools and Libraries Universal Service Support Mechanism*, File Nos. SLD-140961, *et al.*, CC Docket No. 02-6, Order, 23 FCC Rcd 15518 (2008) (*Archer Order*) (granting waivers permitting petitioners to correct clerical or ministerial errors in their FCC Forms 471 or associated item 21 attachments).

⁴ See appendix; 47 C.F.R. §§ 54.504(b), 54.504(c), 54.507(c).

the application review process, or while making requests for service substitution.⁵ These errors include: failing to timely notify USAC to correct a USAC clerical error;⁶ entering the wrong FCC Form 470 number, wrong billed entity number, or wrong billed entity number/worksheet number on their FCC Form 471;⁷ entering the wrong name or service provider identification number (SPIN);⁸ entering the wrong expiration date for a contract;⁹ erroneously characterizing the purchase and installation of equipment as a recurring service;¹⁰ making a calculation error;¹¹ entering the monthly charge as the annual charge;¹² entering the discounted annual price rather than the pre-discount annual price;¹³ entering the amount that a service provider was mistakenly temporarily charging rather than the contracted monthly rate;¹⁴ miscalculating its discount rate;¹⁵ failing to separately list a building where equipment was to be located;¹⁶ failing to enter a request for telecommunications service that was clearly indicated on its item 21 attachment;¹⁷ basing its block 5 funding requests on the wrong FCC Form 471 block 4 worksheet;¹⁸ selecting the wrong term or service;¹⁹ selecting the wrong category of service in its FCC Form 471;²⁰ making a typographical error in recording the cost of ineligible equipment in response to a USAC request for additional data;²¹ failing to follow the correct procedure for modifying its FCC Form

⁵ Ministerial and clerical errors are those that would, for example, be made when entering data from one list to another, such as mistyping a number, using the wrong name or phone number, failing to enter an item from the source list onto the application, or making an arithmetical error.

⁶ Illinois School for the Visually Impaired (misplaced decimal point), International College Preparatory Academy (treating a monthly bill as an annual total), Nur-Ul-Islam Academy (treating a monthly bill as an annual total) (concerning application 585505).

471;²² mistakenly providing the wrong documentation concerning a purchase;²³ and describing the service it purchased as for its entire district when it was only intended to serve a single elementary school.²⁴ In addition, one applicant omitted a service from a service substitution request,²⁵ and another entered the wrong application number on the certifications it submitted and apparently failed to press the submit button to submit its otherwise completed application.²⁶
