Re: Ban on cell phones on airlines

Do NOT lift the ban on the use of cell phones on airlines.

It would be disturbing and add to an already stressful situation. To think of 100 people "yelling" into phones!

There is no real need. In an emergency the crew can help.

Please, keep the ban in place.

Sincerely,
Mary M. Reiman

to The FCC:

Smoking is banned because it is air pollution. Cell phones must remain banned because they are noise pollution. Please keep the cell phone ban on airlines.

Sincerely,

Lois A. Gutman
