Do not lift ban on cell phone use on airlines. Do not want to have to listen to bores there too. It's bad enough on the ground as it is.

Re: Cell Phone Use on Airplanes

Please do not allow these phones to be used on airborne planes. I believe there is possible ~~great~~ danger because of pent up anger in those passengers who have to listen to other passenger conversations. D. Doherty

Please Sir,
Ban all Cellphones on airplanes. It's the only so called quiet time. I do not need a compulsive "green card fever" person next to me on a flight talking the 2-5 hr flight or any flight

Please do not lift the Ban on Cell Phone use on Airlines.
It is bad enough to have to listen to all of them in the airport.
Thank you.

I hear you are accepting public comments about allowing the use of private cell phones during commercial airline flights within the U.S. Please do not allow this. I allow passengers will be trapped next to cell phone users & forced to listen to their conversations. Please don't allow this.

Sincerely, Sylvia Bentley
