Dear FCC

I agree with you that the code should be droped, but what I think is a good idea would be that anyone in the last years and a half, that took the General and didn't pass C.W. Should ~~to~~ or could be Grandfathered up to General.

I enjoy the hoby vary much but like I said I passed the General and I only missed ~~[illegible]~~ 2, And so the correct thing to do would to add this to your proposal, and this is common sence to add to your ~~propos~~ proposal.

Yours Truely
