Dear Sirs: DOCKET FILE COPY ORIGINAL

I'm a cable subscriber in Atascadero, California with Charter Cable Company.

Cable rates increase every year for the same program offerings, because of a closed market and no competition.

The F.C.C. has moved toward an open video market which is welcome which would help gain multiple benefits from cable franchise reform and increase competition, by revising Section 621 of the 1992 Cable Act.

I would appreciate your continued support in opening up the video market to more competitors.

Sincerely,

Howard T. Marohn
9265 Barranco Hts.
Atascadero, Ca. 93422
