June 21, 2006

NAME
ADDRESS ADDRESS 2
CITY, STATE ZIP

Dear Sir or Madam:

Until very recently, ECI Communications, Inc ("ECI") had been providing your **local telephone service** (dial tone) over the resold facilities of AT&T California Telephone Company. As you may be aware, ECI is no longer able to provide your **local telephone service**.

But for the terms of the [tariff/agreement] governing ECI's service to you, once ECI's account with AT&T California was disconnected, your **local telephone** service would have been disconnected, too. To prevent your service from being disconnected without notification to you, AT&T California began providing local telephone service to you on June 21, 2006. You can continue receiving this service through July 21, 2006. You will be billed by AT&T California for services provided to you during this transition period at our prevailing tariff rates.

Important: To continue to receive service after July 21, 2006, you must arrange for service with one of the **local telephone service** providers in your area. Before that date, you must contact the provider you prefer to arrange for service. Contact numbers for the local telephone providers in your area are available in your local telephone directory. You must make arrangements with a provider before July 21, 2006 to avoid interruption of your service.

Should you wish to continue receiving AT&T California service after July 21, 2006, please call our business office. The telephone number for the AT&T California business office in your area is available in your AT&T California White Pages directory.

Remember, you must act before July 21, 2006 to prevent a disruption in your **local telephone service**.

If you have changed your **local telephone service** provider since June 21, 2006, please disregard this letter.

Sincerely,

Cheryl Becker
Manager - AT&T Finance
