Dear Commissioner:

We are requesting a waiver on the requirement to add closed captioning to our television broadcast due to the additional expense our ministry will undergo as a result of it. Our television broadcast reaches out into our community and surrounding areas and effects the lives of people in a positive way on a weekly basis. We ask that you kindly reconsider closed captioning for our television program so that we may continue to serve our community with quality and in the spirit of excellence.

Sincerely,

Mrs. Sherry H. Holmes,
Business Administrator

SHH/plh
