Channel Line-up

- 75 – 80 Channels
  - Won't know for sure until all equipment is turned up
  - See attachment for initial list of channels
- Would like to be able to offer 150 – 200 channels
  - some HDTV
- Would like to offer Video-On-Demand

Project Status

- Concerns
  - Can't offer:
    - HDTV and VOD
    - Larger channel lineup to be more competitive & satisfy more customers
    - What other new technology/services on the horizon?
  - Not enough bandwidth if forced to transition
  - Need a waiver of the new band plan
    - To ensure:
      - competitiveness
      - future revenues
      - customer satisfaction
      - customers have a choice of provider
    - To offer more channels, HDTV, VOD and future services
