Dear whom it may concern,
I have been using Sorenson VRS alot. I am very happy to have VRS. I dont like TTY anymore and don't want to go back to TTY again. I also use VP with my friends. I love it. My children are happy that I use VRS - not my children to make phone calls for me.

Dear whom it may concern,
I have been using Sorenson VRS alot. I am very happy to have VRS. I do not use TTY for a long time and do not want to go back to TTY. I have also been using the VP with my friends. I love it. My children are thrilled to know that I use VRS instead asking my children to make phone calls for me.
