PETITIONER's COMMENTS

Please accept these comments as restated below from Proponents original petition.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 250A to **Batesville**, Texas, as that community's first aural broadcast transmission service. **Batesville** has a population in excess of 1,200 people according to the January 1, 1998 Texas State Data Center. **Batesville** has its own school system, the **Batesville** Independent School System, its own post office, and First Baptist Church of **Batesville**.

Should this petition be granted, and Channel 250A be allotted to **Batesville**, Texas Petitioner will apply for Channel 250A, and after it is authorized, will promptly construct the new facility.

The information provided in these Comments, and in the original Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
