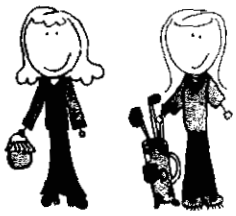
WC Docket 07-177

reference
§63.71
to Comcast.



I love you Mommy!

To the people in charge of phone service -

I live in Franklin, Michigan. This is an area with a lot of power outages. And, furthermore, when the power is out, it is out for at least 10 hours to 3 days. My cellular service does not work at all in Franklin (Verizon) I need a phone that can work. I feel that I must have access to a phone not only for health reasons, but for safety reasons as well. How will I call out if I need help? So, please let me know

who will carry land line service.
Our cable seems to go out
often, even when the rest of
the house has electricity. *

Lauri Solomon

Franklin, Mich.
48025

* Right now I have Comcast
phone service. However,
they are going digital, &
I need land line service.
Our cable goes out too often, too.

ROYAL OAK MI 480
