Dearest Kevin Martin,

07-57

I was really Hoping That you would ~~would~~ Have had The Foresight your Former FCC Leaders Had in making difficult decisions. They made the Landmark decisions in the past to Break-up the phone company, giving the public many choices. Keeping men Like Rupert Murdock From owning everything. etc. However, when you allow the only two satellite companies to merge, the public Now Has No choice. Your decision will Now make The man, you + the FCC, you've Hated, Rich!!!!! Howard Stern and Mel Karmison Run a Failing company and Now can Infect and desimate The creater of satellite Radio, XM. You are the reason I don't vote! I Thought you Had the Foresight To see the Obvious Results of this merge, Then I realized, The satellite companies are Beyond your Reach of control, so the merge would destroy Both Companies and you can go Back to Fining stations For talking. good going!!! Howard Stern will still Be a Muti-millionair. THANKS to You!!!!

P.S. Go [redacted] yourself!!!
