December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Karl Clarke

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

pat leegan

December 10, 2010

Dear Commissioner Copps,

If ISPs are allowed to sell faster, more reliable access to the highest-paying content providers, those who can afford to pay will have a monopoly on the ability to compete in a global market. This could be a death blow for small business, not just a free internet.

The telecommunications industry is against net neutrality. If that industry supports Chairman Genachowski's plan, then it cannot be a plan that guarantees net neutrality. Please, please vote against it, or another foundation of a genuinely competitive free market will collapse to corporate control.

Sincerely,

Alex Kiefer

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Daniel Piccolo

Thank you for your past efforts. No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet and all the everyday small users. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Diane Sklensky

Dear Commissioner Copps,

With all media in this country controlled by a small group of corporations, the last place the citizens of this nation can turn for unfiltered news is the internet. I know that you have been biggest champion for real net neutrality at the FCC. Chairman Genachowski's fake net neutrality plan is an insult to the American People, and a gift to two giant corporations, please tell the chairman you represent the people of this Country, not corporate interest. Please argue for real network neutrality and vote no on this boughs plan, your vote will be the deciding one.

You have been my hero at the FCC. Vote no on Chairman Genachowski's fake net neutrality plan.

I live in an area where the only access I have to usable internet is via a wireless connection. No acceptable proposal can; can exempt wireless broadband from the protections offered for wireline; permit paid prioritization, nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation. The internet should once again be classified as an advance telephone service with all the protections afforded by The Telecommunications Act.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

December 10, 2010

Dear Commissioner Copps,

When I heard that my internet provider Comcast was considering steps to block their competitor Netflix, I thought that the end of the open internet is upon us.

Internet access in a free society should be like a car with a full tank of gas. You should be able to travel wherever you want to see whatever you want. The company that sold you the car, or the gasoline, should not be able to tell you where you can go or what you can see. Not in a free country!

Please take the steps necessary to make sure that an open internet and Net Neutrality become the law of the land.

Please vote no on Chairman Genachowski's fake net neutrality plan at the FCC meeting on December 21.

Thank you for your service.

Sincerely,

Clinton Cusick

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Ross Hammersley
400 Boughey St.

Dear Commissioner Copps,

As anybody who keeps up on the basics knows, the common man is increasingly being shut out of the system. This is a place where you can't give people money to vote, but money counts as votes in the real world.

By permit paid prioritization, you will be shutting out what little voice the common man has. PLEASE DO not destroy net neutrality and call it net neutrality. I am an engineer and have worked for Cisco, Sun, and many other communications companies so I get this far better than most people would.

Please be a hero and DO NOT allow any type of prioritization of traffic over the net, it will be as striking blow to freedom of speech as the recent Supreme Court decision.

Don't let this defamation be attached with your name.

Sincerely,

Brian Findlay

Commissioner

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Wanda Siemer
255 Oakland Ave #17

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Vivian L Sanders

Dear Commissioner Copps,

Hi my name is David T Duff, I have been using the internet for a while now. to illistrate this i watched the democratic convention 1996 over the internet from the family farm in atwood pa a town pop 107 in rural pa. utilizing a 28.8 modem over the phone line in a 1 inch by 1 inch window on my computer.

I am telling you this becuse the internet is the future! the future of everything verizon sold off local phone to alltel alltel sold the local telephone to windstream . all tell was bought by verizon, the copper wire phone lines were installed in the 1950's still the same lines today.

verizon & outher big phone company were to bring the internet to rural areas they were given big bucks in the form of asset write offs they took the write off & me the local consumer / citizen got a big zero of maybe we got the bill through hight taxes no such thing as a free lunch unless your a big business. i have verizon wirless (non union) to get a new phone they want to raise the rates for internet access $30 a line for my family plan taking me from 180 a month to 300 a month let just say as a family i find verizon to be a deal with the devil.

i also have comcast there is another 200 a month. the service is used. but if these companies get more heck a monopoly, the future will be what they decide, no what the citizens want by voting with their dollars or clicks.

in my humble opion

the new ATT (sbc from were else texas) are just scumbags period.

verizon is not much better

comcast grrr! they paid big to take down the "comcast must die" website it was just to popular

in closing my rant i would like to state rural electrican was important it cost the goverment big. over the years it was prudent & wise! i would like to see rural broadband i am sure it would also be wise on so many levels. if the net is well privatizites by scumbag companies who only see dollars & not good citizens the country will gosh become an ulgy place

thank you
David Duff

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Jim Howe
8421 E. Rockwood St.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Bill Morgan
1541 Hwy 139
Dandridge TN, 37725

Michael Copps
Commissioner

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

William Selmi
2400 Stockbridge Rd

Dear Commissioner Copps,

I really appreciate your stance on actual net neutrality. When the time comes for a vote on Chairman Genachowski's bogus net neutrality plan, your vote will be the critical one.

Please stand firm and be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

We do not want HOT-LANES on our public access information highway where only the wealthy can partake. The Internet should remain the avenue of democracy and free information flow without toll booths and monetary restrictions that will lead to persecution and repressive behaviour.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

Please protect real Net Neutrality! Do not destroy the truly democratic medium that is the internet by allowing the big-money big-company interests to filter and give preferential treatment to some internet content over others. Such preferential treatment would no doubt be on the basis of who can pay the big companies the most money, squeezing out small businesses and regular people, limiting their access to high-speed internet uploads and downloads that we have come to expect and upon which many small internet start-up businesses rely. Don't destroy the free speech and entrepreneurial spirit that has been unleashed with the democratic internet by allowing big business to control internet access! Please stand up for Net Neutrality now!

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Our European allies feel strongly enough about net neutrality that they provide infrastructure for remote and rural areas to have ready access to the Internet. Why don't we? I live in a rural area where the only way to get broadband internet is via satellite. This is very costly and substandard, and rural people who can't afford the high cost of satellite are left without service. Please take a strong stand on net neutrality, and then please consider internet infrastructure for rural area.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Howard Eder

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Bruce Krawisz

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

David Brown
2796 Manchester

Dear Commissioner Copps,

As a small online business owner, this is critical for me. If prioritization is allowed, I will have no way to compete and offer what my clients and I feel is a superior product because my larger competitors will be able to buy speeds to support their sites, while my site will be stuck in the slow lane. Thank you for all you have done and please keep up the fight. This is a major economic and entrepeneurship issue.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Jane Kritz-Cline
10166 Marlboro Avenue NE

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

pat ambrose

December 10, 2010

Dear Commissioner Copps,

The proposal by Chairman Genachowski's for "net neutrality" is certainly not neutral as I understand the term. Please vote against that proposal and stand up for true neutrality.
If wired and wireless broadband were simply frills on a good system, priority based on the amount one can pay might be reasonable. The fact is, though, that these broadband services have become essential to our society and to business. We must provide these to all without bias and without favoring one economic group over another.

I worry about our economic competitiveness, and true net neutrality is the only way that we can effectively stay abreast of

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Chris Stulz

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Deborah Savy

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Jake Dazer

Dear Commissioner Copps,

I have long admired your courageous and principled tenure at the FCC. Your voice is incredibly important as our nation drifts away from the dreams of the founders for a free and open press (now perhaps better said "media") and an educated public capable of critical thinking and reflection. As we "drift" though, I fear that the current of the "free market" is carrying is faster and faster to the precipice of a "corporacracy". That is evident in few areas of civic life more than in the realm of corporate dominance of the media and its encroachment into the internet.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Mary Arps Thompson
1370 White Lake Dr
Duluth MN, 55803

Dear Commissioner Copps,

As a member of the generation that will one day be in charge of this country, I realize how important true net neutrality is.

In a class I took recently, we learned about periods of "transitional instability" that occur when technology advances and is not compatible with existing social structures. We are in such a period, and instead of crippling technology with restrictive laws, I think that that we should embrace it and restructure our society as needed.

This will not make everyone happy, especially the big telecommunications companies who are used to having some control over how we access information and connect to each other. But it needs to be done. If we choose the alternative, I believe that it will give us a big disadvantage compared to other nations that allow people less restricted access to technology.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Also, feel free to contact me at airandfingers@gmail.com if there's anything else I can do for my cause.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Michelle Everett
4011 Marywood Dr

The internet has at this point in time become a utility. It's almost impossible to do anything nowadays without internet access. Please reclassify broadband, and structure the wireless spectrum administration so that people cannot be priced out of internet access, nor let them be priced out of accessing all the information they find relevant to their specific needs.

Why should the telcos have to be "dumb pipes" for telephones and fax machines, but get to decide the content people access over the internet? Had the big telcos been reinvesting in their infrastructure and network capabilities, and paid fewer dividends to shareholders, we would not be facing the capacity crunch we are now.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

December 10, 2010

Dear Commissioner Copps,

Do not be deceived by semantic deceptions. I'm not. Real net neutrality means that no carrier can give preferential bandwidth or pricing to any content source.

The internet has become a vital public resource. Access to the network must be protected from attempts by carriers and content providers to manipulate network access to benefit one company over another, or one group of people over another.

It is time for you to act again with courage and conviction to protect this vital public resource from cynical false claims of neutrality.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Be a hero for our kids, and our future. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

So much Internet access is done wirelessly, that to ignore wireless broadband is to accept that there is no net neutrality. Other countries in the world have high-speed Internet as standard public service -- even one that is now considered a right. Without true net neutrality the Internet can never be a standard public service.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Access to the Internet should be all you need to get access to all of the sites on the Internet. Access to particular sites should never be dependent upon the service provider. A company should never have to pay for their internet access twice -- once to give themselves speedy access to the Internet and again so the user gets speedy access to their site.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Anything less than this action is an attack on democracy.

Sincerely,

Lou Ann McKinney

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's phony net neutrality plan, your vote will be the deciding one.

Sir, please stand up for the Internet. and for consumers. Vote no on Chairman Genachowski's proposed net neutrality plan.

I don't believe that any acceptable proposal can: 1) permit paid prioritization of broadband traffic; 2) exempt wireless broadband from the protections offered for wireline broadband. Nor can any acceptable proposal move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no to Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

George Czerw

y name is Edward Janus. I am a Disability Advocate and Activist (Disabled myself). Campaign and Mission is Fighting for Persons with Disabilities. Making Our Voices Heard. Doing Daily Internet Activism for Supporting Causes of Change. And Sharing News and Resources.

Internet Access for the Disabled that I have been advocating for before most knew about "net neutrality," Since 2005 I've writing letters, sending, posting and sharing with everyone Online for years now.

Tens of millions of Americans rely upon an open Internet in their daily lives.

And the Disabled Community depends on it because if they are homebound, shut-In, live alone and have no means of transportation. All their Outside Business may be done through the Internet Only.

For Persons with Disabilities whom live alone, this means 'SURVIVAL'.

Like myself, I am a permanently disabled, amputee, and confined to a wheelchair. Also being deaf cannot hear on the telephone. All my 'Outside Business' is done through the 'Internet Online' such as my banking, paying my bill's, making purchases, filling out business forms and documents, writing emails and letters, looking up important information and I order groceries right to my front door.

This is My ONLY means to 'Outside World' and Doing My Daily Business and Tasks for running my house.

Sincerely,
Edward Janus | Disability Advocate and Activist
Founder: www.EdwardJanus.net | Disability Network Connections.

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

John Greene

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Martin Davids
5247 Cleveland St

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Jim Lockwood

Michael Copps
Commissioner

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Peter Kontos
2561 Dickens Court
Aurora IL, 60503

December 10, 2010

Dear Commissioner Copps,

It is frightening to see the promise of the "internet highway" vaporized by greed and political shortsightedness. A democracy is only as good as the information its electorate can access to make informed decisions. The internet should not be a place where the highest bidder gets control or where money determines access or the quality of information received and sent!

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan for a free and open internet. The Internet is a great resource for information and it would be a shame to see it

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Alex King

Commissioner

December 10, 2010

Dear Commissioner Copps,

We're counting on you to keep the internet open and free. No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Kristen O'Neal

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Please keep fighting for us! We can't get this done without you :)

Sincerely,

Tom Kull

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Jennifer Stephens

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Christopher Lyon

December 10, 2010

Dear Commissioner Copps,

It is exasperating to continually read and hear news of threats to network neutrality by the telecoms and ISPs. Even more concerning is the steady stream of references to "consumers." I strongly believe that we need to begin thinking about shifting focus from "consumers" to "citizens," and hold big telecoms and ISPs to account for their common carrier services to citizens of a free and democratic society.

In this vein, I urge you to reject proposed regulations brought before the FCC that threaten true network neutrality. And I further urge you to assert the FCC's role in regulating the internet as a communication medium, and one that is owned by the American people, and not the telecoms and ISPs whose proper role is merely to provide access and content. Allowing a balkanization of the internet as proposed by commissioner Genachowski is an affront to our shared values of free speech and fair play, and should be rejected outright.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Renee Lillard
40w800 Bowes Bend

Dear Commissioner Copps,

We who are ordinary users and consumers of the Internet have no protection from the big corporations that seek to control this resource that has become so critcal in our lives and work other than the FCC. Please act on our behalf and vote against the proposed regulations which under the guise of creating net neutrality are filled with safe harbors that will in effect allow big telecom companies to rule the internet as they rule other media. We look to you be our champion.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Santa Barbara, Ca.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Eleanor Norton

December 10, 2010

Dear Commissioner Copps,

This is just crazy. I know this is a complicated issue, one you've carefully considered.

Please decide for the people now. Don't decide for the corporations that will eventually benefit the people. Stick with the people. Corporations so often don't deliver on their promises.

The Internet is like no other distribution in our history. But like every distribution in history, the powers that be move to take it over. In every case in the past they have succeeded. Let's do everything we can to keep them from succeeding this time. Let's keep this vast resource in the hands of the people.

If net neutrality is compromised, it cannot help from reinforcing my feeling that our government serves corporations, not the people.

Thank you for listening.

Sincerely,

Fred Ballard

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Edward Jones

December 10, 2010

Dear Commissioner Copps,

I am grateful for your support of real net neutrality, and I urge you to continue your stance in favor of this important tenet.

FCC Chairman Genachowski's fake net neutrality plan is very disappointing and should be rejected. Please vote no when Chairman Genachowski's fake net neutrality plan is presented for a vote.

Paid prioritization and exemption of wireless broadband from the protections offered for wireline are not in the public interest. Furthermore, this matter cannot move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people, reflecting this country's diversity of race, class, and political opinion, who want meaningful, enforceable net neutrality protections.

Thank you for all your previous actions to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

I appreciate your time and consideration of this crucial matter.

Commissioner

December 10, 2010

Dear Commissioner Copps,

Please be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan. The internet needs to remain a free and open marketplace without being dominated by huge corporate interests.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implamentation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Kristen Turner
202 Silvergrove Drive

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Jim Pawlak
3437 Euclid Ave.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

richard iano
