Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Bob Edwards

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

Thank you for being a true champion of network neutrality.

Unfortunately, much to my chagrin and feeling of betrayal, Chairman Genachowski has proven to be an enemy of network neutrality and a servant of Big Business, who dishonestly pretends to advocate net neutrality.

Genachowski's plan, which allows network providers to prioritize and otherwise manipulate traffic would mean death to network neutrality. The fact that the telecoms have praised the proposal is proof of that. It is an outrage, and unfortunately could prove to be yet another nail in the the coffin of the Obama presidency.

There can be no distinction between wired and wireless traffic, as the means by which information is transmitted is irrelevant to the question of who is allowed to control the information in which ways.

The Obama/Genachowski sellout must not be tolerated. It is a direct affront to millions of Americans across the political spectrum in all walks of life who use the internet in different ways. The American people have spoken and spoken clearly again and again. We demand real network neutrality.

Please vote against Genachowski's proposal on December 21. It is nothing less than stealth attack on our democracy.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Martha Olson

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Felix and Frances Paz

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

David Peterson

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you! I heard you speak in El Segundo High School October 3, 2006, and you were terrific! As you recall, almost the entire auditorium supported net neutrality and this "short-notice meeting" which you forced Kevin Martin to attend, went on until 11:15 PM! - your second event, follow whatever happened at USC. You and Commissioner Adelstein stayed on while the Chairman Martin took a Red-Eye back to Washington. (Deborah Taylor seemed somewhat out-of-sorts and not up to speed.) The battle was Corporatism vs the People's Airwaves and who has control. Not much has changed except we have a nominally-Democratic administration and a chance to secure internet neutrality.

When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Please fight for a free and open internet, that is in the interest of the people rather than the companies helping us access the internet. The fake net neutrality bill is not a good solution. Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

You are "our guy" for true net neutrality. In the upcoming vote on Genachowski's "net neutrality plan" you should proceed with the clear understanding that it is nothing more than another case of "smoke and mirrors" designed to DECREASE net neutrality -- not increase it. I understand yours will be the , "deciding vote". Your obligation is increased by this fact!

Show the civic courage I know you have and vote against this plan.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

As most of the world moves toward demanding democratic systems of government, USA continues to take steps toward fascism/ the annihilation of freedom of expression and suppression of incoming information for the majority, controlled by corporations in bed with "our" elected officials.. You have the opportunity to distinguish yourself as a champion for the people. Stand strong and do not compromise or you will forever be branded as a conspiratorial force instrumental in this unthinkable proposed further decline, of freedom of access to information in this increasingly regimented society.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Peter Rasmussen

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Patricia Fallon

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Leslie Hall

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Yvonne LeFevre

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Trevor Ycas

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Cassie Cafferty

Dear Commissioner Copps,

A FREE INTERNET IS A FREE PLACE FOR INNOVATION, BUSINESS, AND THE LAST PLACE FOR FREE PRESS! PLEASE VOTE AGAINST FAKE NET NEUTRALITY!

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

You do not have freedom of the press unless you own or control a press. With the print and broadcast media controlled by the corporate interests, the Internet is the only place where there is true freedom of the press for the people. But if the corporate interests get control of it, this freedom will be lost. This is why genuine net neutrality has to be preserved.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Barbara O'Bryan

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,
I believe strongly that we need real net neutrality; we all paid for the development of the technology through ARPA paid for by the Defense Department. Without true net neutrality innovation and free expression of ideas will slowly be choked off. The internet will be totally controlled by corporate interests. Don't allow this to be another failed promise that the President once made to us.

Dear Commissioner Copps,

Please do the right thing at this critical time for democracy in America. Without an open Internet we will be left with no way to access and inform ourselves about the critical issues that we all confront. Network "news" is a laughingstock and are no longer trusted to report on the corruption that has become so rampant in our country. The survival of our democracy, our country, and our planet require education of our citizens. Please think of your grandchildren when you make your decision.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Alan David Kardoff

Dear Commissioner Copps,

My livlihood and several other young people's lives were built and are supported by the internet. Your selling out to big companies destroys that young entrepreneurship spirit, and sells it off a bit at a time.

You disgust me thinking you can sell something that isn't yours. Keep the internet open and free for all.

I thought you two-faced rich idiots loved the open market and competition, oh wait you don't.

If you don't stand with net neutrality you destroy why the internet exists at all.

I hope you'll see the error of you ways and decided to not cave like a coward to big business.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

You don't need yet another form letter saying exactly the same thing as the rest.

The American people need you. We have spent the last 30-40 years being sold out to corporations. We're tired of it, and the internet is the last bastion of freedom left in the world. If the USA falls to the multinational communications companies, then the rest of the world will fall in line in short order.

Vote against this plutocratic nonsense. Vote for us. Vote for freedom.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Donald Shotz

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

Thank you for being a supporter of Net Neutrality at the FCC.

Please vote no on Chairman Genachowski's "net neutrality plan."

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please consider the least among us, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Trade and professional associations of all sizes and scopes must continue to have access to a free and open internet in order to conduct the types of grassroots legislative campaigns we mount on behalf of ordinary citizens.

We have no other real weapons to use against corporate interests that have run amok in this country. We can't outspend them. We can't shout them down. We can however organize if we maintain the ability to do so.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Michael Souza

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Mario Donoso

Net neutrality is a big issue for me, because it is key to so much else --- from enabling small businesses to be able to operate, and non-profits, to keeping large companies competitive so that people in the general public don't get gouged by a monopoly.

So ---- please do vote no on what unfortunately looks like a fake net neutrality plan (from Chairman Genachowski).

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Richard Kiiski

Dear Commissioner Copps,

Users of the internet need real and absolute neutrality, not a plan that says it gives us that neutrality but in reality does not.

Use of the internet is under attack from many sides. Everywhere we turn providers wish to charge more money for fewer services that give less content.

However, regardless of monetary issues, there still is an issue of free speech, and of free access to information. I should not be forced to pay extra for information because it does not come from a "preferred" provider. And that's where we're headed.

With the internet people finally have the ability to get information from a large variety of sources, from a wide variety of viewpoints. If the internet companies have their way, we'll have to pay extra for those other opinions, and that's wrong.

Please make real internet neutrality a priority, and don't settle for something so obvisculy deficient as the one proposed by Chairman Genachowski.

Sincerely,

Sean Gilley

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

Internet content providers should not be allowed to also be gatekeepers for what the public can access on the internet. But companies like Comcast are already big players at both ends of the business. This makes it imperative that they not be allowed to control the flow of content.

Users should pay for their usage of bandwidth without regard to who the content provider is.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Shane Melstrom

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Peter Roche

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Frederick Hamilton

Dear Commissioner Copps,

Please take all necessary action on net neutrality to benefit the average person and *not* to benefit the large carriers. Ours is a government by, for, and of the people, not corporations. A government that favors corporations over the people is fascist. Let's start moving our policies back towards democracy.
