

Dear FCC,

WC Docket # 18-155

I am just writing to apologize for all the Amish and Mennonites that gangbanged up to oppose the conference line charges. It is not the teaching of the church to be greedy or dishonest enough to insist on receiving a pleasure service for free. The Bible teaches us to be peaceable, pay for what we get and take the losing end and operate according to law and order. I was once a part of this group coming from being raised outside it and saw it change from a harmless, simple, benefit to society to more and more of a national, international gang with no respect for spiritual values or the laws of the land that can work in unity over anything except what has normally been considered wholesome. I am suggesting that they not be taken seriously in the hope that my children will not grow up as criminals under the cover of a Christian Church.
