Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Kay E. Tousley
3633 NE 24th Avenue

December 10, 2010

Dear Commissioner Copps,

I am a single parent and my life and the lives of my children have been hugely enriched by access to the world-wide web. It took me so long to pay for our first computer that it had already outlived it's usefulness, yet it was money well spent because my children were able to reach great academic success in part by the enrichment enabled by access to the Internet, I have been able to spend more time with them by bringing some of my work home, and I've been able to do volunteer work for our community from home. Through Internet research my youngest is now enjoying a wonderful educational opportunity at a small college we might not have heard of without that access, past in large part by scholarships that were also accessed by Internet research.

Currently I am unemployed and with the availability of free Internet access I unlimited access to search for work, I can continue my volunteer work for several organizations, I have contact with my kids who are thousands of miles away, and I have the tools to manage my small savings to best advantage, without spending money on gas or wasting time in traffic.

I tell you a little of our personal story because I've heard that you have been the biggest champion for real net neutrality at the FCC, and that when the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

I hope that you might remember a little of our story when you prepare to take the stand that will make you a hero for all of the US when you vote no on the fake net neutrality plan. We are just one family, millions of others just like us count on the availability of Internet access to help us with communications, homework, financial matters, small businesses, and all manner of research, in addition to the educational and entertainment opportunities.

Access to the Internet is our modern world's opportunity for equality. No acceptable proposal can permit paid prioritization or exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

PLEASE help us keep corporate wealth out of this equation. I know I stand with the general public and with all of the organizations representing America's diversity of race, class, and political opinion, in calling for you to help us in creating meaningful, enforceable net neutrality protections.

THANK YOU for everything you've done to keep the Internet open and free. Please vote no on Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

December 10, 2010

Dear Commissioner Copps,

I am writing to urge you to vote against the "net neutrality" plan put forth by Chairman Genachowski. The provisions of this plan make it clear that this is NOT true net neutrality by any means - and the attempt to hoodwink the public into thinking otherwise is as objectionable as the plan itself! Wireless broadband connections MUST be subject to the same rules as wired connections - the internet must be free and available to all regardless of how we access it.

When the FCC meets later this month, I hope you will continue to take a strong stand, and vote NO on Mr. Genachowski's plan.

Sincerely,

Rachel Matthews

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

As an academic librarian, I am disturbed by the idea that ready access to information may be restricted to those able and willing to pay a corporation for priority access, rather than remain free as a free society requires to survive. This proposal is not in the public interest, but is instead a big giveaway to the telecom industry.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband (cell phones are often the only kind of access that the less affluent can afford) from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Michael Copps
Commissioner

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Samuel Taylor
2758 Rodman Dr.

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

John Parrish

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

francis glebas

Dear Commissioner Copps,

I personally find this to be a tremendously important issue that will be even more impactful than the Citizens United decision. I hate to think that the information I seek online could be restricted, and that different service providers could create dramatic differences in available information based on its potential affect on their income.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Belen Eller
408 Beech Street
Los Angeles CA, 90065

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

James Giles

December 10, 2010

Dear Commissioner Copps,

Thank you for everything you've done to keep the Internet open and free. I'm asking you to stand up and protect the open internet one more time at the FCC meeting on December 21.
The proposals being put forward by your chairman, Mr Genachowski, are unacceptable and will stifle the growth, use, and future of the net as we know it.
Please ensure that all new rules don't make one 'pay-to-play' (ie: pay to get prioritized use). Also we need to address wireless internet and broadband and reclassify them to better facilitate regulating them on their own.
Thanks again!

Sincerely,

Will Taylor

December 10, 2010

Dear Commissioner Copps,

Real net neutrality and equal access isn't just democratic, it makes sense. It stimulates economic growth and makes small business use of the most powerful marketing devices on earth a spur to success. If, along with so many eroding opportunities for small business growth, this becomes throttled we will be putting another nail into the coffin of America's ability to compete globally.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Emil Garth
1983 NW Flanders St., Apt. 207

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Erin Doyle
301 W Haywood St

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

jeffrey seeds

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Liane Rawlings
PO Box 967

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Steven Alvin Smith

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Leonard Bottleman

Michael Copps
Commissioner

December 10, 2010

Dear Commissioner Copps,

I appreciate your efforts at maintaining true net neutrality. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Deborah Weinischke
POB 602

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Melita Pepper
1566 Bobwhite Lane

Dear Commissioner Copps,

The rest of this message you will receive countless times and I want you to think about that. Think about how many voices you've heard from asking you to protect us from the telecom industry. Ask yourself if you dedicated yourself to a life of government service to serve those people or to serve the companies looking to control and profit from those people. I know it sounds naive but I'm an optimist, the kind of person that believes the world can still be a good place if we don't put industry profits first, if the government is filled with people of character and ideals, and if those people speak up their voices won't be drowned out by the wallets and whims of corporate interest. Please think about that while you read the rest of this message, a message that you've been sent hundreds if not thousands of times, each time filled with the hope that our country still has men of character in it and that somebody out there is looking out for us.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

We are not gonna stand for this anymore... This game the corporations are playing has got to stop!!! Don't you realize that the economy and freedom of speech are at stake!?!? I have to stress again, we need to be able to compete with other countries to provide the fastest, most reliable and especially the most affordable high-speed Internet possible. This game of monopoly the cablecos and telcos are playing is doing nothing to help our economy recover... They have no idea what it is like to live in poverty!!! The corporations don't care about the economy and if you side with these "big-money fat cats", you risk destroying the very values supported by our founding fathers, which is (A) freedom of speech and (B) a country of the, by the people and for the people.

Just think of the consequences if we allow these and many other companies to continue having their way, jobs would be lost at a much more alarming rate, unemployment, poverty, bankruptcy would increase at a much more significant rate. It's going to get to the point where basic cable television or dial-up and high-speed Internet services could cost hundreds of dollars a month for fewer options and inferior service.

This corruption is only going to drive the country into a poverty pandemic and eventually into a state perhaps worse than most third-world countries. We're falling way behind other countries such as Japan, France, Sweden, China and Finland. If we don't start cracking down corporate corruption and start competing economically in a more rigorous and effective manner, then this country will never get out of the current economic crisis. These CEOs need to be held accountable and should be forced to sacrifice like everyone else...

Just put yourself in the position of the average middle-class American. If you were unemployed and living on welfare, wouldn't you want the government to be loyal to you and your fellow taxpayers and not to the "economy-killing money vacuums" of America, like AT&T, Comcast, Verizon and Time Warner. Just

think about it and side with us taxpayers, we are tired of sacrificing and getting next to nothing in return and the corporations not doing their part by sacrificing as well.

An economically united country is the only way to go and the corporations won't get us there if you don't help us change the attitude of these money-hungry empires. Thank you for your time and please consider this plea of financial and economic mercy!!!

December 10, 2010

Dear Commissioner Copps,

There will never be another America. There are no more continents, unless Antarctica suddenly becomes habitable. All the land has been claimed.

What the internet provides for us, Mr. Copps, is like virtual land. The next frontier. a place we came upon with no laws, no inhabitants, no guidelines. Compelte and utter blankness, in which we create a brand new kind of society from the ground up.

Moreover, this society will be one that the human race is doomed to dwell in for the rest of the lifespan of human technology as we know it.

The internet is only in its infancy now, it has a long and uncertain life ahead of it. The internet is a child, and we are all its caregivers. We, as a world society, have to make vital decisions on how the internet is going to evolve. We are at the beginning of time, at the big bang, making the impressions that will some day stretch themselves as wide as the sky.

We have to decide - do we want to forsake the internet, mankind's Great Multicoloured Hope for pure unadulterated freedom - a true, shining democracy, run by and for all the people of the world - to the Coroprations, who nurse interests and loyalties only to their own bank accounts, and never to the People.

As an American, having studied the American Revolution - Franklin, Washington, Jefferson - you have the advantage of learning a very deep and idealistic love of Liberty, and I assure you, sir, that the fight for Net Neutrality - REAL Net Neutrality - is a Revolution for our generation.

Moreover, as a public servant, you are charged with the difficult office of obeying the will of the people, and in the eyes of Christ, the Buddha and Universal Rightness, a corporation is NOT a person.

Sincerely,

Miki Ross

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Jack Morgenstern
PO Box 917

Michael Copps
Commissioner

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Denise Finan
304 Rogers Pkwy

Commissioner

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Robin Gates
1110 Kenilworth Ave. P.O. Box 464

I live on Social Security Disability and depend on the internet for news and entertainment. I comunicate with family and exchange pictures with grandchildren. Without true net neutrality I will be priced out of use of the web. Now I pay 10% of my monthly income for access to the net, how much more should I have to pay? How much more will I pay under this plan?
Be a hero, stand for the consumer.

December 10, 2010

Dear Commissioner Copps,

Thank you for being such a staunch defender of net neutrality in the face of a lot of pressure to capitulate. I've been a long-time supporter of free speech and free access to the internet, and have pledge to do whatever I can to end the "digital divide" faced by many of those on the lower end of the income scale. A vote for Chairman Genachowski's proposal would simply widen that gap further than it is already.

The future of not just American, but global dialogue, depends on allowing all those with opinions to state and curiosities to feed to have an equal playing field in accessing those forums and sites. Artificially limiting the players on that field, be it through ISPs looking to prioritize bandwith for those with more money, be it through wireless access entering a free-for-all of corporate rule, or be it through denying competitive advantage to startup businesses and individuals seeking to offer better services than those of existing ISPs, would jeopardize the very value of the internet.

I've stood behind those in Congress who have long supported true net neutrality--notably Reps. Ed Markey and Jay Inslee--and I'm pleased to know there's someone right in the FCC who holds the same values dear and true. Please keep fighting the good fight, and let Chairman Genachowski know its time for a fairer, stronger FCC policy at the December 21 meeting. Everyone will benefit!

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

scott miller

Dear Commissioner Copps,

Over the years, I have always seen you as a champion of the people. Your stand against media consolidation, among other things, reflects an understanding of the importance of media and communication in our democracy.

Now, a vote is coming on Chairman Genachowski's fake net neutrality plan, and your vote will be the deciding one. I hope you will continue to support the needs of the people over the "wants" of telecommunications giants and vote no on this plan.

Over and again we hear that rules need to adapt to modern telecommunication technology. The future of telecommunication is wireless and broadband. Broadband must be reclassified, and wireless must operate under the same regulations that wireline phone has for many years.

As someone who cannot afford bundled plans or anything faster than minimum speed in my internet connection, who currently pays more for television than for electricity and natural gas, and can only afford a pay as you go cell phone for emergencies, I would be particularly vulnerable to being prioritized to the back of the line by my ISP. I fear such prioritization, too, because of the potential discrimination based on content, which amounts to de facto censorship on the part of ISPs.

Thank you for everything you've done to keep the Internet open and free. Please stand up for those of us who are in danger of being shut out of the "digital revolution," and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Linda Risinger

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Carol Savary
1605 Baker Street

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Joseph Knell

Dear Commissioner Copps,

Unfortunately most of the main stream media is owned by large corporations, making the internet critical to the survival of our democracy as an informed citizenry is required. An internet where ISP (often also large corporations) can determine what you read or see, where you can go on the Net is a recipe for the end of our Republic.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet and the common man. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation. No one wants to be relegated to second class services simply to benefit well-healed companies.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Larry Glines

I've been online since we were all on DOS, dialup and everything was scholarly work in Courier type. . .

I have watched the Net grow over the years. I am on a fixed income as a widow and I also have a Masters, so I would hate to be separated from tiers of the Net because I don't have much money.

Please make heroic efforts to ensure the Net remains the same as it has always been: accessible and inclusive.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Maia Maia
6682 Picasso Rd. Apt. D
Isla Vista CA, 93117

Michael Copps
Commissioner

December 10, 2010

Dear Commissioner Copps,
Attn FCC: When the time comes --. Vote "NO" on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Just as importantly, the rule must have clear, inexpensive, and rapid procedures, and meaningful penalties, so that innovators and citizens can effectively seek redress and legal clarity.

In his relentless search for the path of least resistance, Chairman Genachowski has proposed a set of rules that, if adopted, would normalize ISPs' ability to discriminate between sources and types of content. It would totally exempt cell phones and wireless devices from protections.

The Chairman's proposal appears to be a collection of safe-harbors requested by the largest carriers, rather than rule to benefit average citizens. And by eschewing re-classification under Title II, the Chairman all but guarantees the courts will strike down the regulations.

If Commissioner Copps refuses to support Genachowski's cynical ploy to placate the telecoms, he can force the Chairman's hand. Without Copps' support, the Chairman will not have enough votes to pass his "FAKE net neutrality" plan OBVIOUSLY praised by only the telecom companies!

There is only one Internet, and consumers should be allowed to access any legal website, service or application on any device of their choosing (whether they're accessing the Internet wirelessly or not) without interference from big telecom.

Vote "NO" Chairman Genachowski's proposal at the FCC meeting on December 21, 2010.

The fact that this "waited" for a major holiday looming is proof positive, that the the telecom industry just copied bushbaby's tactics for pushing through ILLEGAL, IMMORAL AND TREASONOUS legislation while We The People were intentionally being "distracted."

Mr. Copps: How do you want the history and school text books to perceive you? AND YOU WILL BE IN HISTORY BOOKS, sir. Stand up for what is right - REAL INTERNET FOR EVERYONE NEUTRALITY (not a ruse)!

Sincerely,

jeanne' serrano

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Claudia Ingraham
2952 E. 13th Ave.

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Please, vote "No". We need you to be a champion for the people.

Thank you.

Sincerely,

Margaret Wilson

Commissioner

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Denise Bell
1005 F Street NE

December 10, 2010

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

David Klimut
533 South Deframe Court

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no on Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Glen Ihrig
5405 Kester Ave. #208

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband (Supposedly the property of we the people) from the protections offered for landlines.

The question is simple, will we, the people, retain ownership and control of the airwaves, or will we have another part of our rights and liberties given away to big telecom? I do not see how the answer can be anything other than no.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Bill Taylor

Dear Commissioner Copps,

When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one. I urge you to vote no.

No one at the FCC has been a bigger champion for real net neutrality than you so you understand it is not acceptable to permit paid prioritization or exempt wireless broadband from the protections offered for wireline. A real net neutrality proposal should reclassify broadband, providing the legal footing required by the courts for implementation.

Chairman Genachowski's proposal favors the largest telecom carriers instead of average citizens. But there is a large and diverse public mandate to keep the Internet open and free for everyone.

Thank you for everything you've done for net neutrality so far. Please do one more thing: vote no on Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

George Huckins

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Kara Walsh
17306 Bradgate Avenue

Dear Commissioner Copps,

I understand that you have been a great champion for real net neutrality. It has been brought to my attention that when the time comes for a vote on Chairman Genachowski's bogus net neutrality plan, your vote will be the deciding one.

It is imperative that you vote no on Chairman Genachowski's fake net neutrality plan.

I have learned that, and agree that no acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

I completely agree with the following statement: There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Mankind has always had some kind of frontier ahead of him/her that gave him/her some kind of hope for true freedom. The Internet is all we have left and should be treated as delicately as our own constitution. If our forefathers had access to Internet, they would have YOU make the difference.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely, Steven G. Greene

Dear Commissioner Copps,

Government research dollars forged the basis of today's internet, and thus we citizens have a right to restrain business proposals that will help them to "dollarize" basic data transport in ways that remove the possibility of equal access to all data sources, big and small.

In a wider sense, we are too early in the learning curve that is the development of web businesses to start narrowing the field by letting today's big companies have undue weight in future web revolutions.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.
