To Whom it may Concern,

My name is Bonnie Bolton and I have open range communication services and I do believe it would be of GREAT impact not only on me but for alot of others.

Speaking for myself open range is the best service I have ever had and its my ONLY form of phone service. It is such of a convenience to have especially because I have a 4 year old and if I travel to relatives houses because I have a few very ill and I have to be there I can take my phone with me and never miss a call especially if something were to happen with my child at school I'm always able to be contacted and that is such a comfort to know and also being I do have family members that are very ill they always can reach me if I'm in need of assistance to them. Please DO NOT take OPEN RANGE away. I always pay my bills and ABSOLUTELY NEED TO HAVE IT. Thank You Bonnie Bolton
