Re: CC Docket No. 96-45/WC Docket No. 10-90 Annual State Certification Of Support For Eligible Telecommunications Carriers (ETC) Pursuant To 47 C.F.R. § 54.314.

Dear Ms. Dortch / Ms. Majcher:

Pursuant to the requirements of 47 C.F.R. § 54.314, the Iowa Utilities Board (Board) hereby certifies to the Federal Communications Commission and the Universal Service Administrative Company that, based upon the information available to the Board, the telecommunications carriers included in this letter are eligible to receive federal high-cost support for the program years cited.

The Board certifies for the carriers listed all federal high-cost support provided to such carriers within Iowa was used in the preceding calendar year (2011) and will be used in the coming calendar year (2013) only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.[1] The Board bases this certification on the individual carrier sworn affidavits filed with the Board.

[1] 47 C.F.R. §54.314(a) ("Certification. States that desire eligible telecommunications carriers to receive support pursuant to the high-cost program must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. High-cost support shall only be provided to the extent that the State has filed the requisite certification pursuant to this section."). In the case of Qwest Corp. d/b/a CenturyLink QC (SAC 355141) the Board also certifies for the 2012 CAF Phase I support.

Attached is the list of carriers certified by the Board pursuant to section 54.314 of the FCC's rules (47 C.F.R. § 54.314), which requires states to establish an annual certification process for carriers receiving federal high cost support. As requested by the Universal Service Administrative Company, listed beside each carrier is its assigned study area code (SAC), if known.

The Board is aware of the order issued in WC Docket No. 10-90 on September 17, 2012, granting a waiver to eligible telecommunications carriers (ETCs) that did not make timely or complete filings by the July 2, 2012, deadline, and giving those carriers 30 days from the date of the release of the order to submit complete reports. The order also grants state commissions a limited waiver of the October 1 deadline for certification pursuant to section 54.314(d)(1), but only if one or more ETCs in that state have taken advantage of the waiver granted to them by the order. The order directs USAC to contact any ETC that failed to provide a report or that filed an incomplete or deficient report within five business days of the release of the order, but the order makes no express provision for notifying affected state commissions. Accordingly, as of the time of this certification, the Board does not know if it qualifies for the limited waiver of the October 1 deadline or if it will have additional, updated, or amended ETC reports to review. Thus, the Board reserves the right to amend this certification if one or more ETCs submits new or additional information to the Board pursuant to the September 17, 2012, order.

If you have questions concerning this matter, please contact Jim Langenberg, a member of the Iowa Utilities Board's staff at (515) 725-7327 or e-mail jim.langenberg@iub.iowa.gov.

Sincerely,

Joan Conrad
