IMPORTANT INFORMATION REGARDING YOUR TELECOMMUNICATIONS SERVICE

November 1, 2012

Dear Valued Customer:

We are writing to inform you that beginning on December 1, 2012, the intrastate, interstate, or international toll service currently being provided to you by Communications Design Acquisition LLC (d/b/a OTT Communications), will be provided by CRC Communications LLC (d/b/a OTT Communications), which is an affiliate of Communications Design Acquisition LLC. Although the legal identity of your service provider will change, you will receive your toll service under the exact same rates, terms and conditions as you currently receive them. **No changes to your rates, rate plan, or other terms and conditions will be made.**

While we hope that you will remain our customer, you have the right to select a different provider for your intrastate and interstate/international toll service. If you have previously placed a preferred carrier freeze on your toll service, that freeze will be transferred to CRC Communications LLC, d/b/a OTT Communications, to protect you from slamming by other providers. Thus, if you want to change carriers, you will need to contact your local telephone carrier (Pine Tree Telephone LLC, d/b/a OTT Communications, or Saco River Telephone LLC, d/b/a OTT Communications) at 1-866-746-3873 to lift the freeze so that the change in carrier can be made. (It may also be possible to lift the freeze by providing your new provider with a signed Letter of Authorization.) Once your change is made, you can put a new freeze in place by calling back your local OTT Communications provider.

We thank you for your business and look forward to continuing to serve you.

Sincerely,

CRC Communications LLC
