"This is a public comment for the Wright Petition (CC Docket # 96-128)."

The phone system within Illinois Department of Corrections in one word are "Exploiting". The phone company (Consolidated Communication's) in Mattoon, Illinois to my knowledge is the only company contracted to install phone's in Illinois institutions.

When I use the word exploiting it is to describe the fact the phone company charges my mother $700 a month just so I can call and if I decide not to call home for a month they still get charged.

I am not able to speak to my grandparents whom are older and unable to afford the outrageous charges. I nearly never speak to my children due to my inability to send $3000 for two thirty minute phone calls to my daughter in Ohio.

I feel it is wrong for prisons around the United States to be taking advantages of inmates and there families. It violates human rights for phone companies and institutions to charge so outrageously for phone calls.

Dear Chairman:

Ridiculous!! These phone calls are a big "Rip Off" by this government. What does this county think criminals are made out of!?! We don't make any millions. The government siezes all assests if we're caught. This makes us poorer than ever!

The entire prison systems can't make enough monies. Too greedy they are. Our monies is so low. We all can't succeed. Besides I think it's a big "fraud" what the prison system does.

The parole is another fraudulent system No employers hire felons. And the stipulations the parole board recommends Is a way to return us back to prison Because noone in prison is rich to pay classes or whatever the parole seeks from criminals pockets.

It be best to have lower phone rates muchlike ~~the~~ in our community. Why such high stakes? Government greediness can't always be a conqueror. One day it will fall And a new reform will be introduced.

Dear Chairman Genachowski,

The impact of high cost of prison phone calls leaves me unable to talk to my family, friends, and loved ones. This makes things more difficult and very stressful. I speak for more than one by saying that this must stop. These outrageous price's must be lowered. I want to thank you for your time.

Dear Chairman Genachowski,
This is a Public Comment for the Wright Petition (CC Docket # 96-128)
I'm writing in reference to the high cost of phone rates in Penna. I have a son incarcerated at Albion I'm on Social Security and since he is my only child I can't afford to talk to him as much as I want because of the high cost when he was transferred to Michigan the rates skyrocketed significantly and the calls could be more frequent.

God is light and in Him is no darkness at all.
–1 John 1:5

when he was transferred
back to albion up went
the old letter.
Pa seems to be behind
other states in their
prison reforms
please make a effort
to look at both sides
since it is to far for
me to visit him, the
next best thing is to talk
on the phone, I'm being
punished as well as he.
Sincerely
Yours Drawbaugh
