Dear F.C.C.

RE: Docket NUMBER: 13-86

I am in strong favor of your allowing nudity and profanity on ALL television channels. I believe everybody should be allowed the choice of what they want to watch on all television channels. If they do not want to watch it, they can turn it off. A warning at the beginning of the show and during the show should be a sufficient notice.

Being a Christian, I believe in a person's right to choose Heaven or Hell for eternity. I am also looking foward to God's Hand of Judgement upon this nation, as it deserves. This will only hasten that ultimate eventuality, and bring about sanity and restoration for this once great Christian nation.

Sincerely,

Pastor Mark Walkowiak
