Sinclair/Tribune Merger 17-179

FCC Mail Room

Attn. FCC,

It has recently come to my attention FCC chairman Ajit Pai a Trump appointee intends to take advantage of overreaching rollbacks of mandates that insure a single broadcaster is not allowed to acquire more than 1 of the 4 media outlets and not reach more than 39% of the national audience!

It is not lost on the American People what this means to unbiased coverage of our local news but instead imposes one sided political news be forced down our throats! This looks very much like STATE RUN MEDIA! It serves only one biased political view, the presidents. This must not be allowed under any circumstances!

DOCKET FILE COPY ORIGINAL

The FCC has been put into place and payed for by the American People to protect fair and balanced news coverage and should not be controlled by biased political self interest.

You at the FCC must listen to The American People, do not allow Trump Tv to be a staple of local viewing of more than 70% national audience! Do not allow a Trump appointee to dictate to us what we do not want!

We need intelligent news coverage, reported to us by moral, unbiased journalists, not the Trumps appointed people and family that have no good intent at heart!

This is wrong and needs to be stop immediately, Please do the right thing! Protect fair and balanced media!

Thank you,  
Sally J Hess
