Dear Federal Communications Director:

We are writing to you concerning of Comcast, ATT and others trying to do away with Rural T.V.

We are farmers and ranchers and provide food for you; pay taxes etc.

It is very wrong for you an american also, trying to take away the rights of rural america.

We rely on RFTD and Bloomberg commidities etc. for running our business.

Our business is just as important as yours for keeping America free and strong; and we truly believe in our freedom of America.

You cannot do this to America. Everything cannot be run by large corporations or America will fail. Get on the band wagon with us to help make our free enterprize

system work for us all.
Thank you for listening and would appreciate some kind of written response from you as you are absoutely no busyer than we are.

Sincerely
Robert and Barb Payne
