FCC:

I am writing to voice my concern about RFDTV - I have Direct TV and I wish to keep RFDTV. This is a channel that you can sit down with family and friends and not be concerned about the content of the programming. I am unable to get out but on rare occasions due to spending most of my time in bed. I am unable to walk.

I enjoy watching TV and I don't like change especially when it comes to my choices on what I watch on TV.
Please take this into consideration.

Sincerely yours,
