Please, please, please keep our RFD-TV. We have lived in the Greenwood Urban, Bargersville Rural Indiana area 53 years. It ~~has~~ always been and still is Urban/Rural, our schools, our parks, everything about our area. Especially our Fairs. My children, grandchildren, and now great grandchildren go from Johnson Co. Fair, straight to Indiana State Fair. It is a family tradition. That is what RFD TV is to us. A tradition with a wealth of knowledge. I pay ATT a higher tier to have RFD. Other channels have already removed it before. (over)

My mother lived in Indianapolis, In. from 1940- until she was 82 years of age (Urban). She entered beautiful clothing in the Indiana State Fair and won five years in a row. One gown she designed was used in our Indiana State Museum. Our congressmen Hoody and Dan Burton can vouch for our Urban/Rural communities. Thanks again!!!
