Re: Processing No. 1457

Gentlemen,

Please do not let Comcast cancel our RFD programming if they do manage to purchase Time Warner.

I am a Time Warner Customer and I love RFD - even though I am a Country girl living in a large Urban area.

Information about farming is very important to me. I like to keep up with agriculture programs and country music, too.

I don't think David Cohen, V.P. of Comcast, has ever met a farmer. He might get his polished finger nails dirty if he ever "lowered" himself to come to a farm Community.

I think this merger should be looked at very carefully. Money is always the culprit in these deals and those of us who work hard for our dollars are left behind.

Don't take away RFD.

Sincerely
Shirley R. Marquis
