Federal Communications Council,
445 12th St. S.X.
Washington D.C. 20554

I am writing with a concern and a plea. Please do not let the powers that be take F R D off the TV stations. So many like myself watch this station for its family oriented programs, farm information and special music groups which intertain and inform. Please think & act on the special interests & needs of the common man.

Yours truly
Joyce Drost
