Amendment of Section 73.202(b) )  
Table of Allotments, )  
FM Broadcast Stations )  
(Stock Island, Florida) )

To: Chief, Allocations Branch

**SECOND PETITION FOR RULE MAKING**

1. S-3 Communications Corporation ("Petitioner") through its attorneys, requests amendment of Rule 73.202(b) to specify the following FM allotment:

<u>Channel</u>	<u>Channel No.</u>
Stock Island, Florida	248A

2. In support of this request Petitioner submits that Stock Island, Florida is a community located in unincorporated Monroe County, Florida. In the 1980 U.S. Census, Stock Island's population was reported as 4,446. Petitioner estimates that the current Stock Island population is 6,450. Stock Island has its own elementary school and volunteer fire department. Numerous marinas and a single sea plane base serve the community. Stock Island is the location of Florida Keys Memorial Hospital and Florida Keys Community Junior College. Other local businesses include a

restaurant, convenience stores and a dog track.

3. No broadcast station is licensed to serve Stock Island, Florida and no broadcast allotment currently exists for Stock Island. As demonstrated in the attached engineering exhibit, FM Channel 248A can be allotted to Stock Island at the coordinate of 24 33' 50" North Latitude 81 46' 30" West Longitude in complete conformity with the Commission's Rules.

4. In view of the foregoing, Petitioner requests that the Commission institute a rule making proceeding to allot FM Channel 248A to Stock Island, Florida. If the Channel is allotted, Petitioner intends to apply for an application to construct a new FM station serving Stock Island.

Respectfully submitted,
