Attachment A

Wireless Infrastructure Partners, LLC d/b/a PEG Bandwidth, PEG Bandwidth TX, LLC, PEG Bandwidth LA, LLC, PEG Bandwidth MS, LLC, and PEG Bandwidth IL, LLC (hereinafter collectively, "PEG Bandwidth") have established practices and procedures adequate to ensure compliance with Section 222 of the Communications Act of 1934, as amended, ("Section 222") and the Federal Communications Commission's ("FCC") rules pertaining to customer proprietary network information ("CPNI") set forth in sections 64.2001 – 64.2011 of the Commission's rules. This attachment summarizes PEG Bandwidth practices and procedures, which have been updated to ensure compliance with the Commission's CPNI rules.

PEG Bandwidth provides private line services to large carrier customers pursuant to ICB contracts and has no access to CPNI. PEG Bandwidth's customer contracts uniformly contain confidentiality agreements addressing customers' private information. PEG Bandwidth will not disclose CPNI except as where required by law.

Safeguarding against pretexting

- PEG Bandwidth takes reasonable measures to discover and protect against attempts to gain unauthorized access to CPNI, including the authentication of customers prior to disclosing CPNI based on customer-initiated contacts. PEG Bandwidth is committed to notifying the FCC of any novel or new methods of pretexting it discovers and of any actions it takes against pretexters and data brokers.

Training and discipline

- PEG Bandwidth has established a supervisory review process designed to ensure compliance with the FCC's CPNI rules. In the event PEG Bandwidth gains access to CPNI, PEG Bandwidth will train personnel as to when they are and are not authorized to use CPNI. PEG Bandwidth prohibits employees from using customer information other than for providing service to the customer or as required to be disclosed by law. PEG Bandwidth personnel failing to follow policies and procedures established by PEG Bandwidth protecting CPNI will be subject to a disciplinary process.

PEG Bandwidth use of CPNI

- Should PEG Bandwidth gain access to CPNI, PEG Bandwidth shall use such information only as authorized and required by law.

- PEG Bandwidth will not distribute such CPNI to third parties for their sales or marketing purposes nor will PEG Bandwidth share, sell, lease or otherwise provide CPNI to any of its affiliates, suppliers, vendors, or any other third party for the purpose of marketing any service.
