**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In a free trade market I thought competition was a good thing. Competition is certainly good for the consumer. It also makes for lower price services. In this day and age a family with children at school who cannot afford high speed internet are at a disadvantage. Come on side with people rather than corporations.
