

Certification Statement of Compliance with 47 CFR 51.332(d)
ACS of Fairbanks, LLC

ACS of Fairbanks, LLC d/b/a Alaska Communications proposes to install new fiber fed Digital Loop Carrier (DLC) equipment at 777 Chena Pump Road to augment existing OPM. This new DLC is required to eliminate the existing buried cable physical feed currently conflict with University Avenue construction project. Alaska Communications will establish a new DLC site for equipment installation. Existing underground and buried cables will be used for distribution from the DLC allowing minimal impact to the surrounding area. The new DLC will also provide essential non-loaded POTS, DSL, and HDSL services to a portion of southwest Fairbanks.

Alaska Communications has served a copy of its notice with General Communications, Inc. ("GCI").

Written notice was served by email upon:

Mary DeVore
GCI Wholesale Markets
mdevore@gci.com

Alaska Communications has served a copy of the notice upon:

The Regulatory Commission of Alaska
The Governor of the State of Alaska
Secretary of Defense, Special Assistant for Telecommunications

Notification requirements of 47 CFR 68.110(b) do not apply.

Alaska Communications has complied with the good faith communication requirements and will continue to do so until implementation of the copper retirement is complete.

The docket number is 17-262 and the Report Number is NCD-2758.

I, Lisa Phillips, Senior Manager, Regulatory Affairs and Risk Management, for Alaska Communications, certify under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on December 22, 2017.

Lisa Phillips
