Re: *Intelsat License LLC Notice of Ex Parte Presentation*  
GN Docket No. 17-183

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Federal Communications Commission's ("FCC" or "Commission") rules, this letter provides notice that on January 4, 2018, representatives of Intelsat License LLC ("Intelsat") met with Commissioner Michael O'Rielly and his legal advisor, Erin McGrath, concerning the above-listed proceeding. Attending on behalf of Intelsat were Chief Executive Officer Stephen Spengler and Executive Vice President, General Counsel, and Chief Administrative Officer Michelle Bryan, along with Gregg Elias and Jennifer Hindin of Wiley Rein LLP.

The parties discussed Intelsat's and Intel Corporation's market-based approach to simultaneously enable flexible terrestrial mobile use in the 3.7-4.2 GHz band and protect incumbent satellite operations, as proposed in joint comments by Intelsat and Intel in response to the FCC's Notice of Inquiry on flexible use of mid-band spectrum.<sup>1</sup> Intelsat suggested that the FCC move forward on a Notice of Proposed Rulemaking that would propose a sharing framework based on the Intelsat/Intel proposal. Intelsat noted that it stands ready to work with the FCC and other stakeholders concerning the details of how the proposal would be implemented.

---

<sup>1</sup> Joint Comments of Intelsat License LLC and Intel Corporation, *Expanding Flexible Use in Mid-Band Spectrum Between 3.7 and 24 GHz*, GN Docket No. 17-183 (filed Oct. 2, 2017).
