Notice of Carrier Change

January 2, 2018

Dear Valued BCN Telecom, Inc. Customer:

We are pleased to update you on our original joint announcement that BCN Telecom, Inc. ("BCN") and Network Billing Systems, LLC d/b/a Fusion and Solex ("Solex")² had entered into a transaction whereby Solex is to acquire certain assets and accounts of BCN that have historically been supported by Technology Opportunity Group, LLC dba "BCN Solutions Express" and "Solutions Express" (an independent sales agent for BCN). These accounts include your telecommunications services, as currently provided by BCN.³ (BCN is not changing its name or its brand and will continue to provide services to its other customers who are not part of this transaction under its own name, BCN Telecom.) The transaction is subject to applicable regulatory approvals following which your services will be provided by Solex either under its registered trade name "Solex" (or under the Fusion name as necessary pursuant to state law). Solex will honor all of your current contract terms with BCN.

Please rest assured that you will continue to receive your services with the same rates, features, terms, and conditions as you currently enjoy, while also gaining access to a full range of additional telecommunications services.⁴

On or as soon after February 8, 2018 as BCN and Solex have received final regulatory approval and completed their preparations, Solex will become your telecommunications provider. Unless you have made arrangements on your own to switch your provider prior to February 8, 2018, your account will be automatically transferred and your services contract assigned to Solex. In addition, any deposits or prepayments you may have paid to BCN will be transferred along with your account to Solex. This change will be completely seamless for you and you do not need to do anything in order for this to occur. Solex will take care of all the details of the transfer and will be responsible for any change fees associated with transferring your account.

It is important that you be aware of the following information. You are responsible for continued payment of your monthly recurring and usage charges throughout this period. All preferred carrier freezes you may have had with BCN will be lifted for purposes of completing the transfer of your services to Solex and will then be reinstated by Solex. In the event you currently receive local services from an alternative provider other than BCN, you will need to contact your existing or new local service provider to reinstate your preferred carrier freeze following the transfer to Solex. You have the option to select another provider; however, we value your business and we hope that NBS may provide your services going forward. If you should choose another provider you will need to contact that carrier directly to arrange for that change prior to the transfer of your service to Solex. In some cases it may take several weeks for a new carrier to make the switch, so you should begin making the new arrangements soon. You may incur service initiation fees from that provider such as service order, installations, and other similar charges associated with establishing a new service account.

NBS will be responsible for handling complaints filed, or otherwise raised, prior to or during the transfer of service process, along with all service and repair issues, or concerns related to your service.

Our mission is to continue to provide superior products and services to our customers. We want to thank you for your continued support. Welcome to Solex! We look forward to meeting all your long distance communications needs. If you have any questions or concerns regarding your service or this transaction you can contact customer service at 800-585-6687.

Sincerely,

The Management Teams of BCN and Solex
