Re: *Joint Section 214 Application for Transfer of Control of MassComm, Inc. d/b/a  
MASS Communications to Windstream Services, LLC, WC Docket No. 17-367*

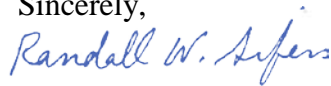

Dear Ms. Dortch:

At the request of FCC staff, Windstream Services, LLC (“Windstream”) hereby supplements the pending applications in the above-captioned proceeding to address the extent to which metropolitan service area overlap exists.

The only states where MassComm is certificated as a CLEC and Windstream (operating through subsidiaries) has ILEC operations are New York, Pennsylvania, and Texas. Windstream’s ILECs operations in New York and Pennsylvania do not service any metropolitan areas. Windstream has ILEC operations in Sugar Land, Texas, a suburb of Houston. MassComm currently serves three customers in the Houston metropolitan area, but outside of Windstream’s ILEC serving area.

Should you have additional questions, please do not hesitate to contact me.

Sincerely,

Randall W. Sifers  
*Counsel to Windstream Services, LLC*
