Re: WC Docket No. 16-271, Revised Wireless Performance Commitments pursuant to 2016 Alaska Plan Order, Paragraph 102

Dear Ms. Dortch:

In compliance with the filing requirements pursuant to the 2016 Alaska Plan Order, Paragraph 102, OTZ Telephone Cooperative, Inc. (OTZ) submits the attached Wireless Performance Commitments. New fiber backhaul has become available in OTZ's service area. However, due to the high cost of bandwidth, we expect our level of service to remain the same as originally filed.¹

If there are any questions, I may be reached at 907-442-1000.

Sincerely,

Douglas A. Neal
Chief Executive Officer

Note 1: Population per 2010 Census in service area. Excludes population served by AT&T and/or Verizon at 4G LTE using their infrastructure.

Note 2: Population served at benchmark speeds as of 12/31/15. Difference between Base Population 2010 Census and Base Population Served 12/31/2015 is the number of unserved population as of that date.

Note 3: Year 1 is 2017

Note 4: OTZ plans on sunseting GSM voice only service

Note 5: Kotzebue will be the only location served with fiber backhaul, all other locations will be served with satellite backhaul.
