Re: *Intelsat License LLC and Intel Corporation Notice of Ex Parte Presentation*
GN Docket No. 17-183

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Federal Communications Commission's ("FCC" or "Commission") rules, this letter provides notice that on January 10, 2018, Susan Crandall, Associate General Counsel of Intelsat Corporation ("Intelsat"), Peter Pitsch, Associate General Counsel of Intel Corporation ("Intel"), and Gregg Elias and Jennifer Hindin of Wiley Rein LLP, counsel for Intelsat, met with Rachael Bender, Legal Advisor to Chairman Pai, concerning the above-listed proceeding.

The parties discussed Intelsat's and Intel's market-based approach to simultaneously enable flexible terrestrial mobile use in the 3.7-4.2 GHz band and protect incumbent satellite operations, as proposed in joint comments by Intelsat and Intel in response to the FCC's Notice of Inquiry on flexible use of mid-band spectrum.¹ Intelsat and Intel suggested that the FCC move forward on a Notice of Proposed Rulemaking that would propose a sharing framework based on the Intelsat/Intel proposal. Intelsat and Intel noted that they stand ready to work with the FCC and other stakeholders concerning the details of how the proposal would be implemented.

¹ Joint Comments of Intelsat License LLC and Intel Corporation, *Expanding Flexible Use in Mid-Band Spectrum Between 3.7 and 24 GHz*, GN Docket No. 17-183 (filed Oct. 2, 2017).
