Amendment of Section 73.202(b),) MM Docket No. 92-8
Table of Allotments,) RM-7713
FM Broadcast Stations)
(Stock Island, Florida))

ORIGINAL
FILE

COMMENTS

Key West Communications, Inc., licensee of Station WOZN-FM, Key West, Florida ("WOZN"), hereby submits its Comments in response to the Notice of Proposed Rulemaking released herein on January 23, 1992. WOZN opposes the proposed allocation of FM Channel 248A to "Stock Island, Florida," for the reasons set forth below.

Statement of Interest

Station WOZN is one of 5 FM commercial stations licensed to Key West; in addition, 2 AM stations are so licensed.¹ A non-commercial FM station (WJIR-FM), and an outstanding construction permit for a sixth commercial FM station are also authorized to Key West. The 1990 US Census placed the population of Key West at 24,832 persons. Thus, the ratio of authorized aural facilities to population is 1:2,759, which places Key West among the more "over-radioed" markets in the U.S.

Stock Island Is Not a "Community"

The petitioner for the allotment of Channel 248A, S-3 Communications Corporation, claims that Stock Island is a

¹ These are WAIL-FM, WEOV-FM, WIIS-FM, WKIZ(AM), WKRY-FM, WKWF(AM), and WOZN-FM.

No. of Copies rec'd 074
List A B C D E

"community" based on the following representations:

"Stock Island has its own elementary school and volunteer fire department. Numerous marinas and a single sea plane base serve the community. Stock island is the location of Florida Keys Hospital and Florida Keys Community Junior College. Other local businesses include a restaurant, convenience stores, and a dog track."

Petition, pp. 1-2.

What Petitioner has failed to reveal is that the north half of Stock Island (which contains the elementary school, the hospital and the Junior College which Petitioner claims) is within and part of the incorporated City of Key West; See Exhibit 1 hereto, the March 10, 1992 letter of Theodore C. Strader, the City Planner for the City of Key West. As Mr. Strader states:

"North Stock Island is comprised of that portion of the island lying to the north of Overseas Highway (U.S. -1), and is a part of the City of Key West. Principal installations on north Stock Island include the Florida Keys Community College, Gerald Adams Elementary School, municipal golf course, County Detention Center (under construction), Health System/Florida Keys Facility (formerly Florida Keys Memorial Hospital), Key West Convalescent Center, Monroe County Animal Shelter, Center of Hope, Key West Botanical Garden, . . .

South Stock Island is under the jurisdiction of unincorporated Monroe County and is predominantly residential with some commercial, industrial and marina activities. It is not a politically independent community." (emphasis added).

The division between north and south Stock Island, and their physical relationship to Key West, are graphically illustrated by Exhibit 2, a "Future Land Use" map dated September 1991 prepared by the Key West Planning Department. As can be seen, Stock Island is physically separated from the island of Key West only by a narrow channel.

Reference to the Yellow Pages of the Southern Bell Key West

telephone book (November 1991 edition) reveals virtually no identification of commercial or cultural establishments with "Stock Island." For example, the display ads in the Restaurants portion contain only two restaurants -- Chico's Cantina, and Rusty Anchor -- which identify themselves with Stock Island, yet in the alphabetical listing, the address for Chico's Cantina is given as "5230 US Highway 1 Ky West." See Exhibit 3 hereto. The "Churches" portion of the Yellow Pages shows but a single church located on Stock Island, and that is the Key West Baptist Temple. See Exhibit 4. No civic clubs or business organizations are identified with Stock Island. Indeed, the white pages of the telephone directory identify only four entities whose names begin with "Stock Island": See Exhibit 5.

The integration of Stock Island with Key West is also demonstrated by the fact that the transmitters of four stations -- WKWF(AM), WAIL-FM, WKRY-FM, and WOZN-FM -- are located on Stock Island, and by the fact that the studios of Stations WKWF(AM), WAIL-FM, WKIZ-AM, and WEOW-FM are located on Stock Island. Each of these stations is licensed to Key West.² Indeed, all of the eight stations licensed to Key West provide both transmission and reception service to those persons who reside on Stock Island, and the rote recital in the **Notice of Proposed Rule Making** (§5) that the allotment to Stock Island would represent "that community's first local FM broadcast

² A reciprocal situation would exist if the proposed allotment were made: The site restriction of 3.4 Km to the west, and the reference coordinates identified at note 2 of the Notice of Proposed Rulemaking, place the Channel 248A transmitter site on Key West, rather than on Stock Island.

service" is simply unsupported with any facts.

The Bureau very recently had occasion to consider, and reject, a similarly unsupported proposal, involving Graham, Washington, in MM Docket No. 91-230.³ There, the Bureau stated (¶4):

"Based upon the showing submitted by petitioner, we do not believe that Graham is a 'community' for allotment purposes. It appears that there is no local government in Graham. Although petitioner has stated that Graham has 'several businesses,' he has not specifically identified any businesses or organizations which identify themselves with Graham or shown that these organizations are intended to serve the needs of Graham as opposed to other areas. . . . In the past, the Commission has rejected claims of community status where a connection has not been shown between political, social and commercial organizations and the community in question. See Gretna, Mariana, Quincy and Tallahassee, Florida, 6 FCC Rcd 633 (1991) and cases cited therein."

WOZN submits that this language is equally apt with respect to the instant proposal, and compels a similar result: denial of the petition.

If this were a close case (and we submit that it is not), the instant proposal should also be considered in conjunction with the actions taken by the Commission only last week in relaxing its multiple ownership and duopoly rules to permit substantially greater concentrations of aural facilities ownership, both nationally and locally. These rule amendments have been specifically justified on economic grounds: See, e.g., Chairman Sikes' March 11, 1992 Statement before the U.S. Senate Subcommittee on Communications, on **Radio Broadcasting Regulatory Reform Initiatives**. The Chairman points out in that Statement

³ See **Report and Order** released February 27, 1992 (DA 92-207).

that, in 1991, "55 percent of all radio stations lost money," and "more than 150 stations have simply ceased operation."⁴

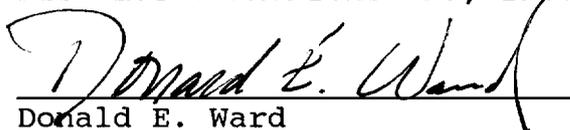

WOZN submits that there is simply no logic in allotting additional channels to an already over-radioed market such as Key West, on the one hand, while inviting (through rule amendments) the consolidation of existing stations in such markets, on the other. Such new allotments would effectively turn over-radioed local broadcast markets into Aegean Stables, with existing broadcasters tasked with manning the shovels.⁵

Accordingly, WOZN urges that the petition be denied.

Respectfully submitted,

KEY WEST COMMUNICATIONS, INC.

March 16, 1992

⁴ Based upon similar data, the National Association of Broadcasters has recently petitioned the Commission to halt the authorization of new broadcast stations -- even those seeking to effectuate existing allotments.

⁵ This metaphor is consistent with the historical origins of the name "Stock Island," derived from the fact that it served as a grazing area for livestock.

Dear Mr. Blocher,

Following up our conversation today, this will verify that Stock Island lies within two jurisdictions, the City of Key West and Monroe County, Florida.

North Stock Island is comprised of that portion of the island lying to the north of Overseas Highway (U.S.-1), and is a part of the City of Key West. Principal installations on north Stock Island include the Florida Keys Community College, Gerald Adams Elementary School, municipal golf course, County Detention Center (under construction), Health System/Florida Keys Facility (formerly Florida Keys Memorial Hospital), Key West Convalescent Center, Monroe County Animal Shelter, Center of Hope, Key West Botanical Garden, County Health and general governmental offices complex, City landfill, Tennessee Williams Fine Arts Center (at FKCC campus), and a pending 533-unit residential development.

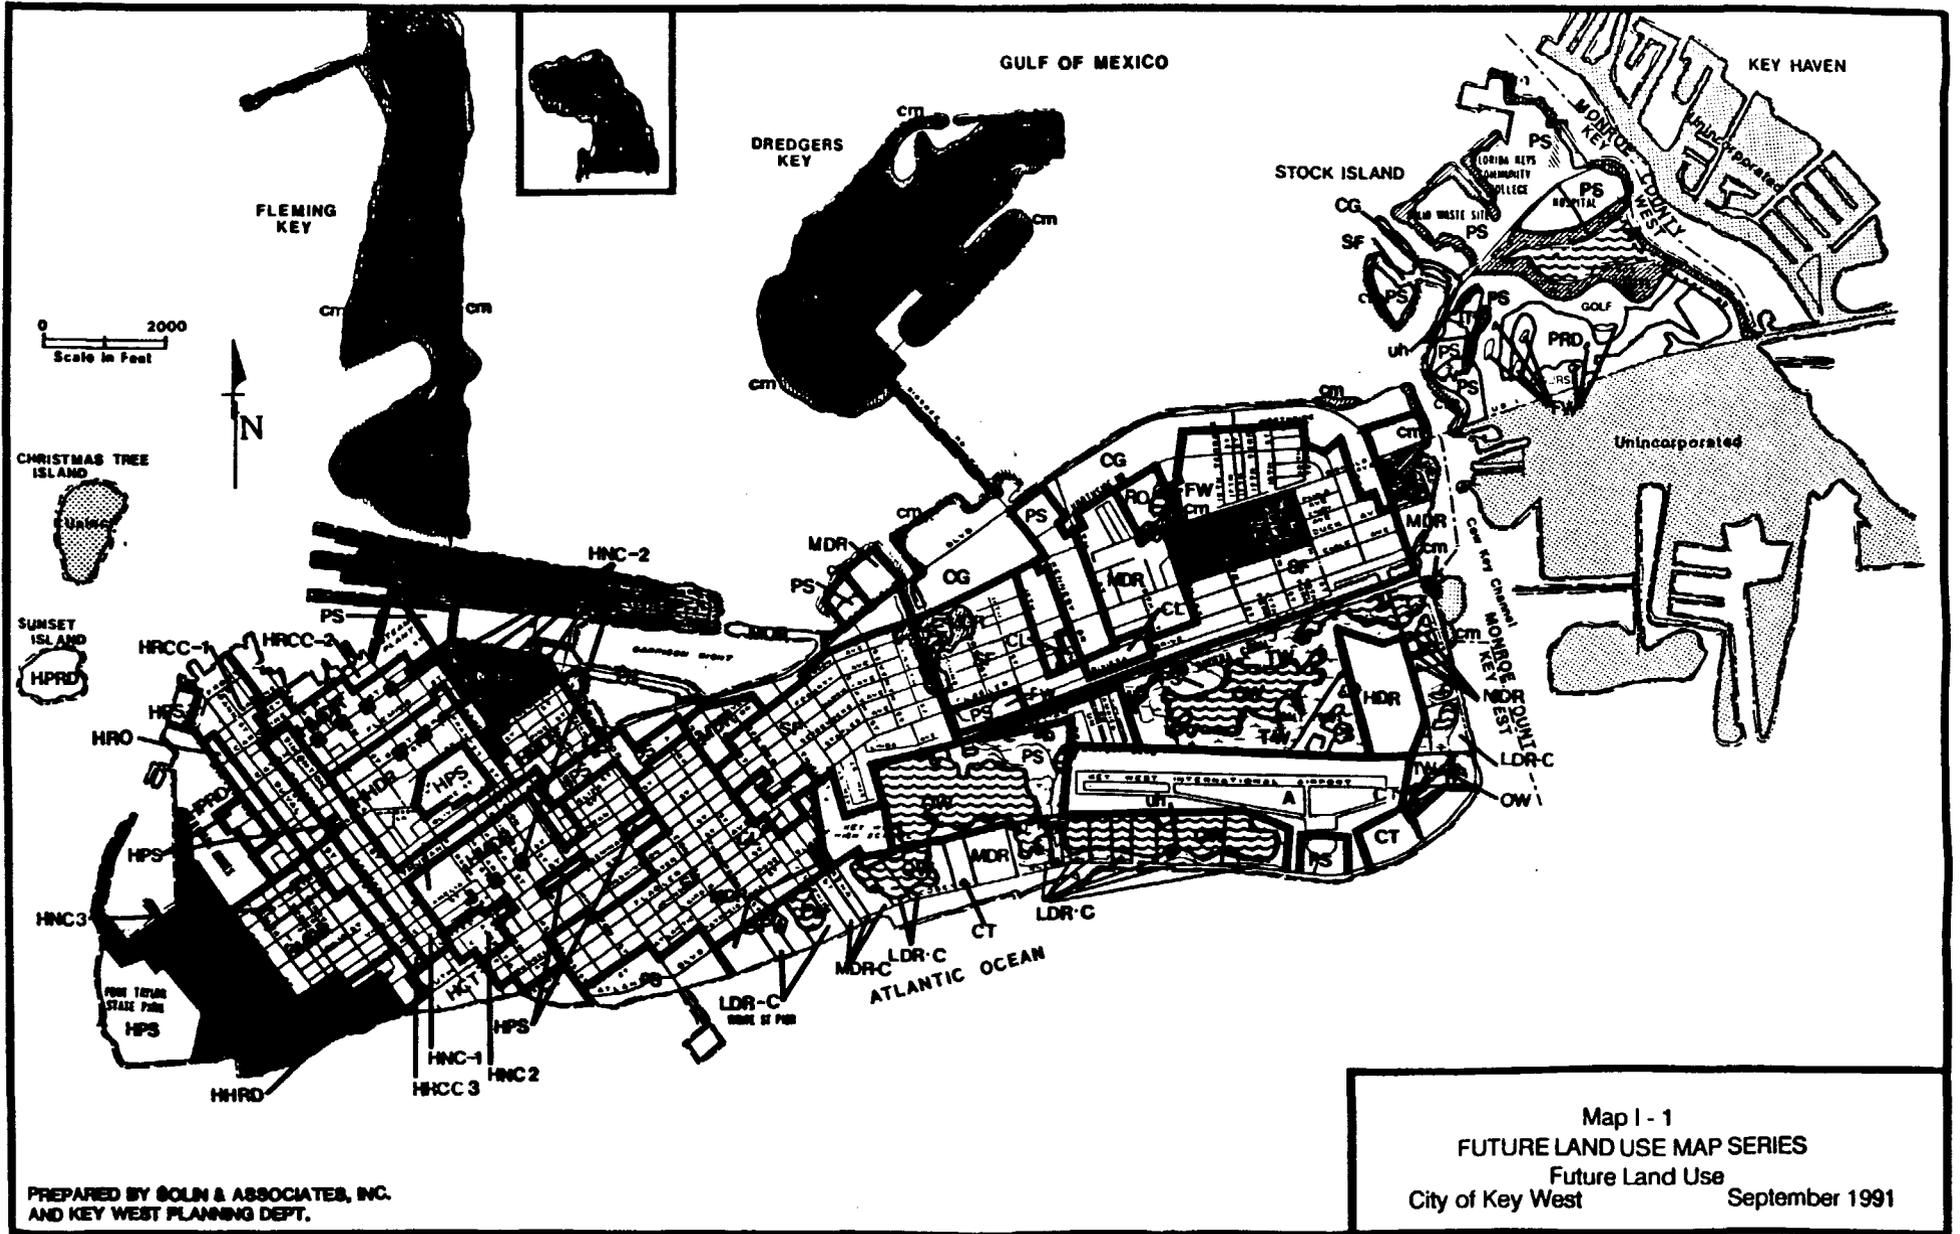

South Stock Island is under the jurisdiction of unincorporated Monroe County and is predominantly residential with some commercial, industrial and marina activities. It is not a politically independent community.

If I can provide any additional information on this matter, please feel free to contact me.

Sincerely,

Theodore C. Strader, AIA
City Planner

Savor The Local Flavors Of The Pier House.

Pier House Restaurant In Key West, this is where the world's most discriminating restaurant critics choose to dine. Join us, and reserve a table with a waterfront view.

Wine Galley And Piano Bar Situated within the Pier House Restaurant, stop for cocktails before or after dinner. Sit back, relax and enjoy music by our pianist.

Harbour View Cafe Whether you're in the mood for a leisurely breakfast, a laid-back lunch or a relaxed dinner with a fabulous view of the Gulf, the Harbour View Cafe is the ideal place.

D.J.'s Raw Bar On raw occasions, it's okay to eat with your fingers at D.J.'s. Stop by for lunch, an afternoon snack or a casual dinner.

Havana Docks Bar & Sunset Deck There's no better way to experience Key West's legendary sunset celebrations than at the Havana Docks Bar. Good music. Good cheer. And good conversation.

Chart Room Bar Laid-back and unpretentious, the Chart Room captures the feeling of Key West. Join us.

Beach Club Bar The Beach Club Bar is truly a sun-worshiper's oasis. Standing at seaside, it's an outdoor bar shaded by bamboo thatching with a terrace that reaches out over our private beach. Enjoy a tropical cocktail and a lively crowd.

Pier House Market & Bistro A delicatessen that defies the imagination. Located on bustling Front Street, the Pier House Market & Bistro is fast becoming a favorite for breakfast, lunch, dining or take-out orders. Beware, it can become a delicious habit.
